We've stripped away the confusion, keeping the heart of each story and the lessons God wants us to learn. Page 4 of cover **The Old Testament Made Simple** Don Davidson, 2021-02-19 Part Two of *The Old Testament Made Simple* completes what Part One started with 91 more easy-to-read chapters, each covering an Old Testament topic from 2 Samuel chapter 14 through Nehemiah, Job, and the major and minor prophets. As in Part One, each chapter includes one or more thought-provoking and discussion-provoking questions relevant to that lesson. Part Two also includes extras like a timeline of key Old Testament events, a chapter on Old Testament prophecies fulfilled by Jesus, and abundant endnotes with biblical citations and additional information. The print book version includes an index for citations to biblical books and an index for people and places. The e-book version provides copious hyperlinks to aid your understanding. This book and its companion Part One are ideal for self-study or a group Bible study from high school to adult. **The Old Testament Books Made Simple** James Edward Smith, 2025-11-06 Since the Old Testament (OT) is the foundation of the New Testament, understanding the OT is crucial. In this second installment of the *Made Simple Series*, Doc Smith has given us a quick and easy guide to the Old Testament. The structure of the chapters in this book is derived from the account of the call of Samuel. The Lord called to Samuel three times in the night, and Eli instructed Samuel to respond with these words: "Speak, LORD, for your servant hears." (1 Sam 3:9). The letters of the word SPEAKS are used to outline the discussion of each Old Testament book. Situation: The background of the book is set forth. Plan: Discussion of book organization. Eternal Purpose: The immediate and ultimate purposes for each book. Anticipation: How each book anticipates the coming of Christ. Keys: The key chapter, verse, phrases, and words in the book are identified. Special Features: This suggests a list of oddities, peculiarities, or facts that point to the uniqueness of each book.
