Luke the Historian in Recent Study C. K. Barrett, 2009-05-22 The Lucan problem has all at once become a burning one says a famous German scholar Professor Ernst K Semann in a recent book Few English readers it is fair to say so much as know that there is a problem This problem involves not only renewed discussions of the life of Jesus but also questions about the apostolic Church its gospel and preaching its common life and ministry This lecture first offers a short account of some of the most important recent contributions to the understanding of Luke s work and then considers some of the problems afresh What made Luke a historian and led him alone so far as we know among his contemporaries to write the story of Christianity from the birth of Jesus to Paul s mission to Rome How was his work affected by the example of older historians What was his attitude to the theological problems of his day What did he set out to achieve in his two volumes What lessons may the twentieth century Church learn from his work These are among the questions raised by this lecture *Luke the Historian in*

Recent Study Charles Kingsley Barrett, 1961 **LUKE THE HISTORIAN IN RECENT STUDY** CK. Barrett, 1970 **Luke the Historian in Light of Research** Archibald Thomas Robertson, 2018-02-28 The work of the last fifteen years has created new interest in the writings of Luke The relation of Luke s Gospel to Mark s Gospel and the Logia of Jesus has sharply defined his own critical methods and processes The researches of Harnack Hobart and Ramsay have restored the credit of Luke with many critics who had been carried away by the criticism of Baur and who looked askance upon the value of Luke as the historian of early Christianity It has been like mining digging now here now there The items in Luke s books that were attacked have been taken up one by one The work has been slow and piecemeal of necessity But it is now possible to gather together into a fairly complete picture the results It is a positively amazing vindication of Luke The force of the argument is cumulative and tremendous One needs to have the patience to work through the details with candor and a willingness to see all the facts with no prejudice against Luke or against the supernatural origin of Christianity From the Preface

Interpretation of Tongues and Prophecy in 1 Corinthians 12-14, with a Pentecostal Hermeneutics Jeon Ahn Yongnan, 2019-05-21 Bringing spiritual experience into the domain of biblical hermeneutics this book will certainly stimulate current debates within this field among both Pentecostals and Christians of other traditions The author also applies a Pentecostal hermeneutical methodology to Paul s teaching on tongues and prophecy in 1 Corinthians 12-14 opening possibilities to a Pentecostal pneumatology that tends instead to focus on the Lukan narrative Paul s texts are reconsidered not as doctrinal or situational documents but as dynamic communication within a living community *From Sabbath to Lord's Day* D. A. Carson, 1999-11-05 A series of authors assert the premise that Sunday is a new day of worship that was chosen to commemorate the unique salvation historical event of the death and resurrection of Christ rather than merely being another day for celebrating the Sabbath *The New Testament in Its Literary Environment* David Edward Aune, 1988 A study of the relationship between the New Testament writings and other literature of late antiquity This comprehensive

Studies in Sacred Theology ,1922 **The New Testament** W. R. Telford,2014-01-09 The New Testament writings are the foundational documents of early Christianity But to fully understand them we need a broad historical awareness of the wider social economic political and religious context that produced them Exploring the transition from an oral to a written tradition this fascinating primer depicts the growth of the early church amid the Roman and Hellenistic Empires Focusing on the composition and content of the Synoptic Gospels those of Matthew Mark and Luke W R Telford furnishes the reader with an appreciation of the methods contemporary scholars apply to the Gospels and also offers an assured in depth guide to the texts themselves Broaching difficult questions about the differing accounts of Jesus life that the New Testament has left us this is an invaluable starting point for anyone looking to understand the roots of Christianity

Cynic Sage or Son of God? Gregory A. Boyd,2010-10-01 Not since David Strauss Life of Jesus shook European Christianity to its foundations in the nineteenth century has any scholarly discussion of the historical Jesus made the impact on a popular level that the Jesus Seminar is presently making in America Popular magazines have provided a remarkable amount of space for the Jesus Seminar including Time and Newsweek which made their work cover stories At the forefront of the movement lies the work of John Dominic Crossan and Burton L Mack who have popularized the Jesus as Cynic sage view The growing popularity of this new paradigm should be of significant concern for all who hold to the historic Christian faith To date however no thorough evangelical response has been provided to these revisionist views of the historical Jesus This book is written to fill this void It provides a serious critique of the Cynic thesis accessible to laypeople and of interest to thoughtful observers With interest in the quest for the historical Jesus continuing anew Boyd s Cynic Sage or Son of God provides an orthodox defense of the biblical Jesus
