[Calvin in Context](#) David C. Steinmetz,1995-10-05 In this illuminating study David C Steinmetz places Calvin s thought in the context of the theological and exegetical traditions ancient medieval and early modern that shaped it Steinmetz does not limit discussion of Calvin s thought to his undeniably important handbook to theology the much revised Institutes of the Christian Religion Instead he opens up a broader context by examining works less frequently cited particularly Calvin s commentaries classical studies and polemical treatises Steinmetz grapples with Calvin s views on a wide range of contested issues including the natural knowledge of God the problem of iconoclasm the doctrines of justification and predestination and the role of the state Steinmetz also clarifies Calvin s quarrels with Lutherans Catholics and Radicals Yet this book does not reduce Calvin s contribution to his usefulness as a resource for contemporary theological debates The Calvin who emerges in these pages is a sixteenth century figure both strangely foreign and uncannily familiar a man who frequently engages his enemies and sometimes even corrects his friends but is never mute never dull and always stylistically elegant An accessible yet

authoritative introduction to the mind of the historical Calvin Calvin in Context provides a framework for understanding Calvin from his own writings and the writings of his contemporaries This edition features a revised preface and six new chapters

Cross in Tensions Philip Ruge-Jones, 2008 Description Luther's theology of the cross is a direct critique of oppressive power relationships in his day Luther's early thought challenges specific economic political social ideological and religious power dynamics the cross confronts those who enjoy power prestige pomp and profits at the expense of the poor Ruge Jones maps the power relationships that Luther's theology addressed and then turns to specific works that challenge established structures of his world Luther's Latin texts undermine the ideological assumptions and presumptions that bolstered an opulent church and empire Luther uses the cross of Christ to challenge what he called *volatitem cogitatum* knowledge that is prone to violence His German writings directed to a broader more popular audience focus this critique of human pretensions into an attack on systems of wealth status and power that refuse to look with compassion upon poor Mary or upon the many domestic servants of Germany God has respected the ones whom the world disrespects and has thus entered the world to turn it upside down Also in the German writings the Lord's Supper calls the powerful to enter into solidarity with the poor suffering people to whom Christ has given himself Finally in his popular pamphlets visual images show with graphic specificity that throughout his life Christ sought out solidarity with the least These images contrast brutally with images of a church that has sold its soul to wealth political influence military power and status Endorsements Candor and precision conjoined with a lucid exposition of complex historical arguments is what the reader will be treated to in Philip Ruge Jones *Cross in Tensions* The book engages the development of the early Luther's theology of the cross and its various interpretations with poignant care for the pain of the world while being in compassionate and hopeful solidarity with those who moved and shaken endure the cross in all its tensions gruesomeness and intentions

Vtor Westhelle author of *The Scandalous God* Philip Ruge Jones makes an interesting and thoughtful contribution to the contemporary scholarly literature on Martin Luther's theology of the cross by offering a contextually informed analysis of the Reformer's thought He places Luther's writings into their contexts and clarifies the impact of those contexts on the Reformer's works Ruge Jones is not only sensitive to Luther's context however Ruge Jones is a Euro North American who has lived in South America and whose theological perspectives have been profoundly impacted by Latin American Liberationist thought particularly the notion of the preferential option of the poor He views the theology of the cross as a theology that points to the crucified Christ as God's ultimate self-revelation and that is liberating good news to the poor and marginalized Hence he celebrates Luther as a true theologian of the cross whenever the Reformer and his writings advocate for the poor and he criticizes Luther as a theologian of glory whenever the Reformer uses his writings to support

those in power and to oppress the common people Kurt K Hendel Bernard Fischer Westberg Distinguished Ministry Professor of Reformation History Lutheran School of Theology at Chicago About the Contributor s Philip Ruge Jones is Associate Professor of Theology at Texas Lutheran University in Seguin Texas He is the author of The Word of the Cross in a World of Glory 2008
