The papers submitted have been reviewed by experts from renowned institutions, and subsequently the authors have revised the papers, duly incorporating the suggestions of the reviewers. This has led to significant improvement in the quality of the contributions. Taylor Francis publications, CRC Press, have agreed to publish the selected proceedings of the conference in their book series of *Advances in Mechanical Engineering and Interdisciplinary Sciences*. This enables fast dissemination of the papers worldwide and increases the scope of visibility for the research contributions of the authors.
