## Naval History 1990:

**Naval History 1990** Paul Stillwell, 1991 Bound by year of publication these volumes each contain the year's issues of the Naval Institute's Naval History magazine Through gripping firsthand accounts exhaustively researched yet entertainingly written narratives and interviews with notable naval veterans and the world's foremost historians Naval History offers the best in historical literature and art from ancient Greek mariners through the Age of Sail to the World Wars Korea Vietnam and beyond all with a distinctly salty flavor Register of Ships of the U.S. Navy, 1775-1990 K. J. Bauer, Stephen Roberts, 1991-11-30 Students of American naval history cannot find detailed information on those vessels in any single source This work attempts to fill that lack by bringing together in one place the surviving statistical information on those vessels which have been commissioned into naval service or were intended for it Insofar as possible this volume rests of official sources but those are sometimes incomplete and often contradictory Where feasible the omissions in the official record have been filled from other sources Yet major gaps in our knowledge of the ships of the navy still persist The author hopes that this work will lead others to fill in some of the blank spaces Pref *Strategy and the Sea* N. A. M. Rodger, Jeremiah Ross Dancy, Benjamin Darnell, Evan Wilson, 2016 An important book presenting the latest insights by the leading world authorities on naval history This book presents a wide range of new research on many aspects of naval strategy in the early modern and modern periods Among the themes covered are the problems of naval manpower the nature of naval leadership and naval officers intelligence naval training and education and strategic thinking and planning The book is notable for giving extensive consideration to navies other than those of Britain its empire and the United States It explores a number of fascinating subjects including how financial difficulties frustrated the attempts by Louis XIV's ministers to build a strong navy how the absence of centralised power in the Dutch Republic had important consequences for Dutch naval power how Hitler's relationship with his admirals severely affected German naval strategy during the Second World War and many more besides The book is a Festschrift in honour of John B Hattendorf for more than thirty years Ernest J King Professor of Maritime History at the US Naval War College and an influential figure in naval affairs worldwide N A M Rodger is Senior Research Fellow at All Souls College Oxford J Ross Dancy is Assistant Professor of Military History at Sam Houston State University Benjamin Darnell is a D Phil candidate at New College Oxford Evan Wilson is Caird Senior Research Fellow at the National Maritime Museum Greenwich Contributors Tim Benbow Peter John Brobst Jaap R Bruijn Olivier Chaline J Ross Dancy Benjamin Darnell James Goldrick Agust n Guimer Paul Kennedy Keizo Kitagawa Roger Knight Andrew D Lambert George C Peden Carla Rahn Phillips Werner Rahn Paul M Ramsey Duncan Redford N A M Rodger Jakob Seerup Matthew S Seligmann Geoffrey Till Evan Wilson *Bibliography of Nautical Books* Alan Obin, 1999 **Monthly Catalog of United States Government Publications**, 1991 *Writings on American History*, 1908 **APAIS 1991: Australian public affairs information service**, **Unusual Footnotes to the Korean War** Paul Edwards, 2013-02-20 Osprey Digital presents a

new look at unusual and little known events that occurred during the Korean War A forgotten war in modern history the Korean War is rarely given much recognition or studied in detailed In fact it was one of the bloodiest conflicts of the 20th century a deadly clash of world views as the UN allied itself with South Korea against the massed ranks of North Korean armies backed by Communist China In this book Paul Edwards presents a fresh look at the Korean War focusing on a number of unusual events that happened during the conflict Beginning with a look at the war itself Edwards goes on to tell the stories of the Salvation Army band that disappeared UFO sightings the Pulitzer Prize winning journalist Maggie Higgins and her battle to report in Korea as an equal with her male counterparts and an operation to rescue orphan children It also provides a fascinating look at the propaganda materials dropped over Korea by both sides This miscellany of the war allows readers to dip in and out of this e book only title a perfect e book for the daily commute *Annual Report of the American Historical Association* American Historical Association,1925 **Naval History** ,2011 **Monthly Catalogue, United States Public Documents** ,1991 **U.S. Naval Strategy in the 1990s** John B. Hattendorf,2006 *Bibliographic Index* ,1994

**Conduct Unbecoming** Randy Shilts,2005-07 The definitive book on lesbians and gay men in the US military Randy Shilts author of the classic documentary history of the AIDS epidemic *And The Band Played On* was acclaimed for his ability to take epic histories and molding them into gripping intimate narratives *Conduct Unbecoming* his groundbreaking exploration of lesbians and gays in the military came out of hundreds of interviews conducted with servicepeople at all levels of the Army Navy Air Force and Marine Corps and intense research uncovering thousands of documents resulting in a unique history of gays in the military as well as the persecution of gays in the military *Conduct Unbecoming* will leave readers moved and imbued with a better understanding of the pressing situation in our nation s military A sober thoroughly researched and engrossingly readable history on the subject Shilts s chronicle is excellent military history closely woven with an enthralling analysis of the changing definitions of sexuality and personal relationships in American society A landmark book Remarkable New York Times Book Review A masterpiece of investigative reporting Shilts has shown us the honor homosexuals have brought and continue to bring to the uniforms they wear and the country they serve Boston Globe Gays we are told would damage morale in the military Shilts documents the fact that morale has already been eaten away by hypocrisy contradictions and favoritism This book will be to gay and lesbian liberation what Betty Friedan s was to early feminism or Rachel Carson s to ecological consciousness No fair minded person can read *Conduct Unbecoming* and consider the present system defensible USA Today Gripping reading the history of homosexual people and the movement for gay lesbian equality in the United States can nowhere be more clearly told Los Angeles Times *America, History and Life* ,1994 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Hitler's Japanese Confidant** Carl Boyd,1993 In 1940 the US Army Signal Intelligence Service broke the Japanese diplomatic code In 1975 Oshima Hiroshi Japan s ambassador to Berlin

during World War II died never knowing that the hundreds of messages he transmitted to Tokyo had been fully decoded by the Americans and whisked off to Washington providing a major source of information for the Allies on Nazi activities

MacArthur's ULTRA Edward J. Drea,1992 Cracking the enemy's radio code is a task so urgent and so difficult that it demands the military's best minds and most sophisticated technology But when the coded messages are in a language as complex as Japanese decoding problems multiply dramatically

**Mobilizing for Modern War** Paul A. C. Koistinen,1997 In this volume Koistinen examines war planning and mobilizing in an era of rapid industrialization and reveals how economic mobilization for defense and war is shaped at the national level by the interaction of political economic and military institutions and by increasingly powerful and expensive weaponry

*Hitler's Northern War* Adam R. A. Claasen,2001 Adolf Hitler had high hopes for his conquest of Norway which held both great symbolic and great strategic value for the Fuhrer Despite early successes however his ambitious northern campaign foundered and ultimately failed Adam Claasen for the first time reveals the full story of this neglected episode and shows how it helped doom the Third Reich to defeat Hitler and Raeder the chief of the German navy were determined to take and keep Norway By doing so they hoped to preempt Allied attempts to outflank Germany protect sea lanes for German ships access precious Scandinavian minerals for war production and provide a launchpad for Luftwaffe and naval operations against Great Britain Beyond those strategic objectives Hitler also envisioned Norway as part of a pan Nordic stronghold a centerpiece of his new world order But as Claasen shows Hitler's grand expectations were never realized Gring's Luftwaffe was the vital spearhead in the invasion of Norway which marked a number of wartime firsts Among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers Although it got off to a promising start the German effort particularly against British and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the Luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the German war effort elsewhere and the northern theater's harsh climate and terrain Claasen's study covers every aspect of this ill fated campaign from the 1940 invasion until war's end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war His compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich's way of war
