*Chinese Mathematical Astrology* Ho Peng Yoke, 2004-03-01 Though there are a number of well written works on Chinese divination there are none that deal with the three sophisticated devices that were employed by the Chinese Astronomical Bureau in the eleventh century and for hundreds of years thereafter Chinese experts applied the methods associated with these devices to both weather forecasting and to the interpretation of human affairs Hidden by a veil of secrecy these methods have always been relatively little known other than by their names The first work in any language to explore these three methods known as sanshi three cosmic boards this book sheds light on a topic which has been shrouded in mystery for centuries having been kept secret for many years by the Chinese Astronomical Bureau

*Cometography* Gary W. Kronk, 1999 Cometography is a catalog of every comet observed throughout history It is the most complete and comprehensive collection of data on comets available Cometography comes in four sequential volumes and this the first covers ancient times through to the end of the eighteenth century Cometography uses the most reliable orbits known to determine all the key parameters of each well observed comet Cometography also provides non technical details to help the reader understand how the comet may have influenced various cultures at the time of its appearance All the information in Cometography has been sourced directly from the original documents including European monastic histories Roman Greek and Muslim texts Chinese Japanese and Korean scripts In many cases dates of important historical events can be corrected based on the appearance of a comet In this way Cometography will be valuable to historians of science as well as providing amateur and professional astronomers with a definitive reference on comets through the ages
