On Creativity The Unconscious:

On Creativity and the Unconscious Sigmund Freud,1962 On Creativity and the Unconscious Sigmund Freud,2009-03-03 On Creativity and the Unconscious brings together Freud s important essays on the many expressions of creativity including art literature love dreams and spirituality This diverse collection includes The Uncanny The Moses of Michelangelo The Psychology of Love The Relation of the Poet to Day Dreaming On War and Death and Dreams and Telepathy *Stevens' Handbook of Experimental Psychology and Cognitive Neuroscience, Language and Thought* ,2018-02-01 III Language discourse and dialogue reading creativity speech production concepts and categorization culture and cognition reasoning sentence processing bilingualism speech perception spatial cognition word processing semantic memory moral reasoning *Creativity and the Unconscious* Sigmund Freud,1983-01 Creative Technologies for Multidisciplinary Applications Connor, Andy M.,2016-03-29 Given that institutions of higher education have a predisposition to compartmentalize and delineate areas of study creative technology may seem oxymoronic On the contrary the very basis of western thought is found in the idea of transcendent knowledge The marriage of opposing disciplines therefore acts as a more holistic approach to education Creative Technologies for Multidisciplinary Applications acts as an inspiration to educators and researchers who wish to participate in the future of such multidisciplinary disciplines Because creative technology encompasses many applications with the realm of art gaming the humanities and digitization this book features a diverse collection of relevant research for the modern world It is a pivotal reference publication for educators students and researchers in fields related to sociology technology and the humanities **Making Innovation Last: Volume 2** Hubert GATIGNON,David Gotteland,Christophe Haon,2015-11-02 Making Innovation Last considers the long term success of a firm Authored by a trio of top international scholars who present pioneering new work on what it takes to create long term growth the book examines the internal conditions that are likely to encourage sustainable innovation as well as what a culture of innovation should look like **What Do Dreams Do?** Sue Llewellyn,2020 Dreams are a puzzle We don t know what to make of them This book explores the evolutionary significance of dreaming its role in memory unconscious prediction creativity and psychiatric illness It will be compelling reading for anyone interested in psychology psychiatry consciousness and the arts **Perspectives on Creativity and the Unconscious** Donald W. Fritz,1980 **Incubation in Problem Solving and Creativity** Kenneth J. Gilhooly,2019-05-02 Can problems be solved by setting them aside or by sleeping on them Incubation the process of stopping conscious work on problems for a set period of time is an integral part of the creative problem solving process Providing an overview of the main issues findings and implications of cognitive research on incubation effects in problem solving and creativity this book argues that incubation is an effective strategy for tackling problems that do not yield to initial solution attempts Gilhooly reasons that unconscious work is automatic and explores the underlying processes involved in incubation providing evidence to showcase the major role of unconscious processing in problem solving

Incubation in Problem Solving and Creativity concludes with a discussion of the implications of unconscious work theory for enhanced problem solving positioning incubation as an effective and important stage in creative problem solving This book is an invaluable resource for students and researchers of problem solving creativity and thinking and reasoning as well as for students from all disciplines taking problem solving modules

William James and Sigmund Freud on the Mind Alfred I. Tauber, 2025-03-12 This is the first extended study comparing the philosophies of mind promoted by Sigmund Freud and William James whose opposing views had profound influences on the development of twentieth century philosophy cognitive science and psychology Each asked can the mind be scientifically characterized While Freud thought that psychoanalysis had established a science of the mind James maintained that the subjective could not be objectified and psychology was left with only the crumbs of analysis Tauber's presentation of a conjured philosophical confrontation occasioned by their first and only meeting in 1909 uncovers the clashing philosophies of mind underlying their respective positions In comparing their opposing portraits of the psyche persistent questions about self knowledge personal identity and moral agency are presented at their fin de siècle origin In this setting the James Freud dispute offers a unique perspective about our own contemporary dilemmas swirling around selfhood consciousness and the subjectivity of human experience This eclectic history of early psychology will interest psychoanalysts psychologists and philosophers as well as those interested in the origins of pragmatism phenomenology modernism and twentieth century positivism

Psychoanalysis and the Unconscious David Herbert Lawrence,1923

Psychoanalysis and Culture Rosalind Minsky,2013-04-26 Written in a readable accessible style with plenty of up to date examples Psychoanalysis and Culture provides a brilliant introduction to key issues in the area of application of psychoanalytic theories to culture The author argues that we cannot grasp the complexity of contemporary global issues without understanding some of the unconscious processes which underlie them After introducing some major modern and postmodern psychoanalytic approaches Minsky offers a broad ranging critique of Lacan s theory of culture and the unconscious She explores a range of crucial and topical questions how should we explain women s historical subordination and what is now often seen as a crisis in male identity What constitutes masculinity apart from power and control How important is the father actually and symbolically in children s development in the context of lone parent families Why is contemporary culture often still so violent and destructive Why is consumer culture so attractive to so many and why is it so difficult to put limits on economic growth in the interests of preventing environmental disaster This book will be of great interest to students and scholars in sociology women s studies cultural studies psychology and history as well as psychoanalytic studies It will also appeal to the general reader interested in the psychology of cultural change
