## **On Liberal Peace:**

**On Liberal Peace** John MacMillan, 1998-12-31 This is a study of the relationship between liberalism liberal states and peace Basing his approach on a synthesis of political philosophy and history John MacMillan explores the concept and manifestations of liberal pacifism to argue that it is most pronounced when associated with an anti statist cosmopolitan form of liberalism He traces the emergence of a liberal international order and stresses certain key elements such as the rights of the individual in international society liberal notions of political economy and self determination and the area of civil military relations in order to show the way in which liberals have regarded peace as a unique primary good The analysis rests upon a distinction between liberalism understood as an evolving ethical discourse and liberal states which may in practice contain a number of ideological strands some of which such as statism nationalism and imperialism are antithetical both to liberalism and to peace Through this distinction MacMillan moves beyond the current understanding that liberal pacifism is manifest only in relations between liberal states and argues for recognition of a broader eirenic legacy He defends this claim against the historical record of violence by liberal states and considers in particular World War I the South African war 1899 1902 the Suez war the French wars of decolonization and the Vietnam war [Liberal Peace, Liberal War](#) John Malloy Owen, 1997 Liberal democracies very rarely fight wars against each other even though they go to war just as often as other types of states do John M Owen IV attributes this peculiar restraint to a synergy between liberal ideology and the institutions that exist within these states Liberal elites identify their interests with those of their counterparts in foreign states Owen contends Free discussion and regular competitive elections allow the agitations of the elites in liberal democracies to shape foreign policy especially during crises by influencing governmental decision makers Several previous analysts have offered theories to explain liberal peace but they have not examined the state This book explores the chain of events linking peace with democracies Owen emphasizes that peace is constructed by democratic ideas and should be understood as a strong tendency built upon historically contingent perceptions and institutions He tests his theory against ten cases drawn from over a century of U S diplomatic history beginning with the Jay Treaty in 1794 and ending with the Spanish American War in 1898 A world full of liberal democracies would not necessarily be peaceful Were illiberal states to disappear Owen asserts liberal states would have difficulty identifying one another and would have less reason to remain at peace **Liberal Peace** Michael Doyle, 2011-08-05 This volume comprises the key writings of Prof Michael Doyle on the Liberal Peace from the 1980s up to the present day **A Liberal Peace?** Susanna Campbell, David Chandler, Meera Sabaratnam, 2011-11-10 Moving beyond the binary argument between those who buy into the aims of creating liberal democratic states grounded in free markets and rule of law and those who critique and oppose them this timely and much needed critical volume takes a fresh look at the liberal peace debate In doing so it examines the validity of this critique in contemporary peacebuilding and statebuilding practice through a multitude of case studies from Afghanistan to Somalia Sri Lanka to Kosovo Going further it

investigates the underlying theoretical assumptions of liberal peacebuilding and statebuilding as well as providing new theoretical propositions for understanding current interventions Written by some of the most prominent scholars in the field alongside several new scholars making cutting edge contributions this is an essential contribution to a rapidly growing interdisciplinary area of study

**Rethinking the Liberal Peace** Shahrbanou Tadjbakhsh, 2011-03-08 This book presents a critical analysis of the liberal peace project and offers possible alternatives and models In the past decade the model used for reconstructing societies after conflicts has been based on liberal assumptions about the pacifying effects of open markets and open societies Yet despite the vast resources invested in helping establish the precepts of this liberal peace outcomes have left much to be desired The book argues that failures in the liberal peace project are not only due to efficiency problems related to its adaptation in adverse local environments but mostly due to problems of legitimacy of turning an ideal into a doctrine for action The aim of the book is to scrutinize assumptions about the value of democratization and marketization and realities on the ground by combining theoretical discussions with empirical evidence from key post conflict settings such as Iraq and Afghanistan These show the disparities that exist between the ideals and the reality of the liberal peace project as seen by external peacebuilders and domestic actors The book then proposes various alternatives and modifications to better accommodate local perspectives values and agency in attempts to forge a new consensus This book will be of great interest to students of peacebuilding peacekeeping statebuilding war and conflict studies international security and IR

**Liberal Peace Transitions** Oliver P Richmond, 2011-04-06 A critical assessment of current liberal approaches to post conflict statebuilding with constructive suggestions as to where improvements might be made Newly available in paperback

**New Perspectives on Liberal Peacebuilding** Edward Newman, Roland Paris, Oliver P. Richmond, 2009 Africa Sierra Leone Afghanistan Bosnia Herzegovina Timor Leste Sri Lanka Palestine Israel United Nations Lebanon Cambodia Central America

*Liberal Peace in Question* Kristian Stokke, Jayadeva Uyangoda, 2011 The present book uses Sri Lanka's failed attempt at negotiating peace with the Liberation Tigers of Tamil Eelam to examine the politics of state and market reforms towards liberal peace Sri Lanka is seen as a critical case that demonstrates key characteristics and shortcomings of liberal peace vividly demonstrated by internationally facilitated elite negotiations and donor funded neoliberal development

*Liberal Peace, Liberal War* John Malloy Owen (IV), John Malloy Owen IV., 1997

*Beyond Liberal Peacebuilding* Elisa Randazzo, 2017-06-14 This book examines the logic behind the shifts and paradigm changes within the scholarship on peacebuilding In particular the book is concerned with examining if and how these shifts have significantly altered how we think about peacebuilding beyond the liberal peacebuilding paradigm To do so the book engages with the logic of critique that has led to the emergence of different theoretical approaches to peacebuilding from hands on institutionalisation to the local turn It uses the case of Kosovo to understand how a lessons learnt approach facilitated the shift towards more invasive and intrusive forms of peacebuilding first However it is also crucial to understanding the recent local turn as the rise of local

ownership discourses in Kosovo is fundamentally tied to the critiques of extensive international missions and the associated resistance and marginalisation of local agency The book examines the implications of the framing of everyday agency in order to assess the extent to which these bottom up approaches have been able to by pass the problems attributed to the liberal peace approach It argues that despite its critical and radical intentions the local turn retains certain foundational modernist and positivist qualities that have so far characterised the very mainstream approaches these critiques claim to transcend This book will be of much interest to students of peacebuilding statebuilding peace and conflict studies security studies and International Relations in general

*Liberal Peace* Michael W. Doyle, 2011-03 Comprising essays by Michael W. Doyle *Liberal Peace* examines the special significance of liberalism for international relations The volume begins by outlining the two legacies of liberalism in international relations how and why liberal states have maintained peace among themselves while at the same time being prone to making war against non liberal states Exploring policy implications the author focuses on the strategic value of the inter liberal democratic community and how it can be protected preserved and enlarged and whether liberals can go beyond a separate peace to a more integrated global democracy Finally the volume considers when force should and should not be used to promote national security and human security across borders and argues against President George W Bush s policy of transformative interventions The concluding essay engages with scholarly critics of the liberal democratic peace This book will be of great interest to students of international relations foreign policy political philosophy and security studies

A Post-Liberal Peace Oliver Richmond, 2012-08-21 This book examines how the liberal peace experiment of the post Cold War environment has failed to connect with its target populations which have instead set about transforming it according to their own local requirements Liberal peacebuilding has caused a range of unintended consequences These emerge from the liberal peace s internal contradictions from its claim to offer a universal normative and epistemological basis for peace and to offer a technology and process which can be applied to achieve it When viewed from a range of contextual and local perspectives these top down and distant processes often appear to represent power rather than humanitarianism or emancipation Yet the liberal peace also offers a civil peace and emancipation These tensions enable a range of hitherto little understood local and contextual peacebuilding agencies to emerge which renegotiate both the local context and the liberal peace framework leading to a local liberal hybrid form of peace This might be called a post liberal peace Such processes are examined in this book in a range of different cases of peacebuilding and statebuilding since the end of the Cold War This book will be of interest to students of peacebuilding peacekeeping peace and conflict studies international organisations and IR Security Studies

Liberal Peace Transitions Oliver P. Richmond, 2009-09-16 This book examines the nature of liberal peace the common aim of the international community s approach to post conflict statebuilding Adopting a particularly critical stance on this one size fits all paradigm it explores the process by breaking down liberal peace theory into its constituent parts democratisation free market reform and development human rights civil

society and the rule of law Readers are provided with critically and theoretically informed empirical access to the technology of the liberal peacebuilding process particularly in regard to Cambodia Kosovo East Timor Bosnia and the Middle East Key Features critically interrogates the theory experience and current outcomes of liberal peacebuilding includes five empirically informed case studies Cambodia Kosovo East Timor Bosnia and the Middle East focuses on the key institutional aspects of liberal peacebuilding and key international actors assesses the local outcomes of liberal peacebuilding

**Handbook on the Rule of Law** Christopher May, Adam Winchester, 2018-08-31 The discussion of the norm of the rule of law has broken out of the confines of jurisprudence and is of growing interest to many non legal researchers A range of issues are explored in this volume that will help non specialists with an interest in the rule of law develop a nuanced understanding of its character and political implications It is explicitly aimed at those who know the rule of law is important and while having little legal background would like to know more about the norm

**Assessing the War on Terror** Charles Webel, Mark Tomass, 2017-02-17 This volume is a collection of articles that critically examine the efficacy ethics and impact of the War on Terror as it has evolved since 9 11 During the decade and a half of the Global War on Terror GWOT numerous books have considered the political psychosocial and economic impacts of terrorism However there has been little systematic effort to examine the effectiveness of the GWOT in achieving its goals Furthermore there is virtually nothing that presents a comparative analysis of the GWOT by the people most directly affected by it citizens and scholars from conflict zones in the Middle East There is therefore great need for a book that analyzes the strategies tactics and outcomes of the GWOT and that also presents facts and ideas that are missing or underrepresented in the dominant public narratives The contributions in this volume were chosen to specifically address this need In doing so it uniquely provides not only Western perspectives of the GWOT but also importantly includes perspectives from the Middle East and those most directly affected by it including contributions from scholars and policy makers Overall the contributions demonstrate how views differ based on geographical location and how views have changed during the course of the still evolving War on Terror The book will be of much interest to students and scholars of terrorism and counter terrorism foreign policy Middle Eastern politics security studies and IR as well as policy makers

**The Liberal Peace and Post-War Reconstruction** Roger MacGinty, Oliver Richmond, 2013-09-13 This critical and comparative book is comprised of arguments for and against the dominant western style of peace interventions and post war reconstruction that has been applied around the world It examines and assesses the nature of the peace that these have achieved or offer for the future

**Building a peace economy?** Jenny H. Peterson, 2015-11-01 This book critically examines the range of policies and programmes that attempt to manage economic activity that contributes to political violence It offers a new framework for understanding both the problem of economic activity in conflict zones as well as programmes aimed at managing these and transforming them into more peaceful economic and political relationships Through this examination both the problems of liberal modes of peacebuilding implemented by the development security

industry and opportunities for policy innovation are explored Useful charts and frameworks throughout the book provide the reader with a range of analytical tools that can be easily used to explore war economies and related policies in a range of contexts making this book an essential read for students policy makers and aid practitioners working in a range of disciplines and conflict affected areas An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence **Liberal Magazine** ,1920 The Past, Present and Future of the Liberal Peace Jason Miklian,2015 The stunted and stumbling progress of the liberal peace philosophy since 1990 tells a complex story In this article I give a history of the liberal peace project from its academic and activist origins to today s global application discussing how policymakers and liberal peace architects see liberal peacebuilding and how emerging powers such as India and China relate to these goals I close with a discussion of the future of liberal peacebuilding the Business for Peace paradigm and how relationships between powerful states and their peripheries will still matter despite a more consolidated international aid community The City Club Bulletin ,1918

## **On Liberal Peace Introduction**

In today's digital age, the availability of On Liberal Peace books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Liberal Peace books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Liberal Peace books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Liberal Peace versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Liberal Peace books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Liberal Peace books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Liberal Peace books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Liberal Peace books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Liberal Peace books and manuals for download and embark on your journey of knowledge?

### **FAQs About On Liberal Peace Books**

1. Where can I buy On Liberal Peace books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a On Liberal Peace book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of On Liberal Peace books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are On Liberal Peace audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for

- listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
