**On Shaky Ground** John J. Nance, 2016-01-19 A gripping look at the massive disasters that could strike at any moment from a New York Times bestselling author San Francisco Examiner Chronicle Far beneath the earth's surface great tectonic plates grind against one another with incredible pressure that must inevitably be released Earthquakes manifest with little warning upending buildings shattering infrastructure and unleashing devastating tsunamis In this remarkable survey of the history of seismology and the extraordinary seismic events that have occurred in the United States Mexico China and other locales author John J. Nance traces the discoveries of the scientists who have dedicated their lives to understanding and predicting one of the deadliest threats known to mankind From the Pacific Northwest to the Midwest and the East Coast most of the United States not just California is in danger of a massive quake and few citizens are adequately prepared Through riveting firsthand interviews with earthquake survivors and with the same command of technical detail and gripping style that he brings to his New York Times bestselling thrillers Nance demonstrates the need for readiness because the next big quake could happen tomorrow Earthquakes and Earthquake Insurance United States.
