Random Killer:

Spree Killers Mark Safarik, Katherine Ramsland, 2019-10-18 Spree Killers Practical Classifications for Law Enforcement and Criminology is the only exhaustive up to date analytical book on spree killers standing apart from those dedicated to mass murderers and serial killers. Multicides have traditionally been categorized as double triple mass serial and spree while mass and serial have been further divided into subcategories Spree killing which involves the killing of at least three persons at two or more locations due to a precipitating incident that fuels the urge to kill remains a poorly defined concept. In the United States the Federal Bureau of Investigation FBI eliminated this term from its multicide nomenclature in 2005 but the authors examination of 359 cases involving 419 spree killers from 43 countries shows that not only is there enough diversity among spree killers to form classifications similar to those devised for mass and serial but also that subtypes offer distinct utility for identification tracking and warning potential targets. Spree Killers outline the designation of spree killer specifically and thoroughly. In addition to looking at existing literature specific cases and the behavioral patterns it offers a fully worked up profile for the typology. The behaviors and motives for spree killers align in six categories which are detailed in full. The book provides unique insight for police forensic and investigative personnel into what to look for to respond to and in some cases identify and stopping certain types of spree killings.

New and updated entries include Axe Man of New Orleans BTK Strangler Jack the Ripper Ciudad Juarez Mexico John Allen Muhammad and Lee Boyd Malvo the Sniper Killers Gary Leon Ridgway the Green River Killer and Harold Frederick Shipman.

Who Murdered Jill Dando and Why? James Phillips, 2010-08-04 Jill Dando a British Television Programmes Presenter was murdered in a bizarre Professional Commando Style on the doorstep of her home with her head forced into ground and a one shot bullet with most of the propellant removed to fit a one shot gun. It was specially silenced to kill her quietly with a soft brain tissue kill. A fall guy Patsy was charged by Police very quickly in a few days but only after the Police had spent a year of no success in the investigation. The fall guy was convicted in an appalling Miscarriage of Justice trial on flimsy evidence. After 6 years in prison a second trial jury set him free as innocent of the crime another 1 million victim compensation and 25 million wasted by Police. Yet again another in a long line of continuous poor British Police investigations that British taxpayers are forced to endure by their rotten Governments with nobody ever losing their jobs when corruption and misfeasance allegedly may have
