Arnold,1988 Rangers were ruthless natural fighters who enjoyed close combat They lived on scant rations and took little sleep during their lightning raids to snatch prisoners seek targets gather intelligence and kill This is their incredible story Maps drawings 32 pages of photos *Rangers and Sovereignty* Dan W. Roberts,1914 D W Roberts was born in the State of Mississippi in Winston County October 10th 1841 His father Alexander Roberts came to Texas in 1836 and helped the Texans fight the battles of the Republic for nearly four years being in many engagements with the enemy the most noted of which was the Plum Creek fight which has gone into the history of Texas Soon after the Plum Creek fight my mother prevailed on father to take his family to some place of safety firmly believing that wholesale murder would be their fate Father s judgment was waived and her love of family won her cause and they went back to Mississippi in 1839 During their stay in Mississippi I was born making that State my native soil but father s love for Texas had never subsided and his turn came to persuade mother back to Texas where he joined his old comrades again in 1843 I was about two years old when they returned to Texas My father followed up the frontier and I was reared and almost rocked in the cradle of Texas warfare When I was a small boy I developed some very peculiar traits of character not peculiarly good but rather strangely peculiar We were fond of dwelling alone to commune with Nature s beautiful work I had my favorite pecan trees and would conceal myself under them to hear the crows murmur to each other while they were gathering the splendid nuts My father s recital of early Texas battles had imbued me with the spirit that those old Texans were the rightful lords of that grand and new republic and that their heroism should be sustained and when I grew to be a man that I would devote my life to the cause that my father so loved In my boyish dreams I was always in command of men My education was limited to

the common English branches As I grew to manhood I could see that war should not be our occupation but the constant raids of savage foes upon Texas gave us the field that our more youthful days had pictured for us We were put in command of men and our stewardship will follow Our work was more preparatory for civil government consequently we were never a politician but always adhered to democratic principles
