Sourcery Terry Pratchett, 2009-10-13 Delightful logically illogical as only Terry Pratchett can write Anne McCaffrey Will the most unlikely hero in all of Discworld save the universe once again or has his luck finally run out in this wildly funny installment in Sir Terry Pratchett's internationally bestselling series a hilarious mix of magic mayhem and Luggage Once upon a time there was an eighth son of an eighth son who was of course a wizard As if that wasn't complicated enough said wizard then had seven sons And then he had an eighth son a wizard squared that's all the math really who of course was a source of magic a sourcerer Unseen University the most magical establishment on the Discworld has finally got its wish the emergence of a wizard more powerful than they've ever seen But be careful what you wish for As the drastic consequences of sourcery begin to unfold it's up to one unlikely wizard to save them Rincewind has survived a string of misadventures including falling off the edge of the world which is no mean feat when it's flying through space on the back of a turtle and held up by four elephants Now he must take the University's most precious artifact the very embodiment of magic itself and deliver it halfway across the Disc to prevent a mathematically blessed sourcerer from leading the wizards to dominate all of Discworld Can Rincewind and his tiny band including the carnivorous Luggage stave off the Apocalypse The Discworld novels can be read in any order but Sourcery is the 3rd installment in the Wizards series and the 5th Discworld book The other books in the Wizards collection include The Color of Magic The Light Fantastic Eric Interesting Times The Last Continent Unseen Academicals

**The Color of Magic with Bonus Material** Terry Pratchett, 2011-11-01 A master of laugh out loud fiction Pratchett has created an alternate universe full of trolls dwarfs wizards and other fantasy elements and he uses that universe to reflect our own culture with entertaining and gloriously funny results Nothing short of magical Chicago Tribune In this first novel in the internationally bestselling Discworld series from legendary New York Times bestselling author Sir Terry Pratchett and the first in the Wizards collection the fate of the Discworld depends on the survival of a naive and first ever

sightseer A writer of brilliant imagination favorably compared to Mark Twain Kurt Vonnegut and Douglas Adams Sir Terry Pratchett created a complex satirical universe with its own set of cultures and rules populated with wizards witches academics fairies policemen and other creatures both fantastical and remarkably ordinary including Death himself Welcome to the Discworld a parallel time and place that sounds very much like our own but looks completely different because it's a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle In this the maiden voyage through Terry Pratchett's ingeniously twisted alternate dimension the well-meaning but spectacularly inept wizard Rincewind encounters something previously unknown in the Discworld a tourist Twoflower has arrived to take in the sights Unfortunately he's cast his lot with a most inappropriate tour guide a decision that could result in his becoming not only Discworld's first visitor but quite possibly its last And of course he's brought Luggage along a companion with feet and a mind of its own And teeth The Discworld novels can be read in any order but the Wizards collection includes **The Color of Magic** **The Color of Magic** Terry Pratchett, 2000-02-02 Terry Pratchett's profoundly irreverent novels are consistent number one bestsellers in England where they have garnered him a revered position in the halls of parody next to Mark Twain Kurt Vonnegut Douglas Adams and Carl Hiaasen The Color of Magic is Terry Pratchett's maiden voyage through the now legendary land of Discworld This is where it all begins with the tourist Twoflower and his wizard guide Rincewind **Talking Book Topics**, 2001-05

continent The down under is hot so hot and it s dry so dry though it s rumored there was once this thing called The Wet but no one believes that Practically everything here that s not poisonous is venomous Discworld s most inept wizard and his companion Luggage are eager to get home but first Rincewind has to survive a pushy mystical kangaroo trickster named Scrappy and a mob of Fourecks hooligans determined to hang him All his problems would be solved if he could just make it rain for maybe the first time ever And if the time traveling professors from UU working on rescuing him can get to the right millennium The Discworld books can be read in any order but The Last Continent is the sixth book in the Wizards collection and the 22nd Discworld book The other books in the Wizards collection include The Color of Magic The Light Fantastic Sourcery Eric Interesting Times Unseen Academicals Interesting Times Terry Pratchett,2009-10-13 Discworld is more complicated and satisfactory than Oz has the energy of The Hitchhiker s Guide to the Galaxy and the inventiveness of Alice in Wonderland brilliant A S Byatt When war magic politics and one deliciously inept wizard collide zany mayhem ensues in this delightful satire in Sir Terry Pratchett s internationally bestselling Discworld series To the fine denizens of Discworld the phrase May you live in interesting times is a curse No one wishes to hear those words especially not Rincewind The distinctly unmagical sorcerer has barely survived more than a few interesting times and he isn t looking to experience any more But when a request for a Great Wizard arrives in Ankh Morpork via carrier albatross from the faraway Counterweight Continent Rincewind is named emissary The Agatean Empire s current ruler is on the brink of downfall and chaos is all but certain to arise in the wake For some incomprehensible reason someone believes Rincewind will have a mythic role in the war and the ensuing bloodletting Cohen the Barbarian and his extremely elderly Silver Horde are already hard at work planning for the looting and pillaging Anyone can be a hero but there s only one Rincewind and he believes he owes it to the world to keep that one alive for as long as possible The Discworld novels can be read in any order but Interesting Times is the fifth installment in the Wizards collection and the 18th Discworld book The other books in the Wizards collection include The Color of Magic The Light Fantastic Sourcery Eric The Last Continent Unseen Academicals **What Do I Read Next? 2002** Neil Barron,Gale Group,2002-10-22 By identifying similarities in various books this annual selection guide helps readers to independently choose titles of interest published in the last year Each entry describes a separate book listing everything readers need to know to make selections Arranged by author within six genre sections detailed entries provide Title Publisher and publication dateSeriesNames and descriptions of charactersTime period and geographical settingReview citationsStory typesBrief plot summarySelected other books by the authorSimilar books by different authorsAuthor title series character name character description time period geographic setting and genre sub genre indexes are included to facilitate research **The Color of Magic** Terry Pratchett,2005-09-13 Terry Pratchett s profoundly irreverent bestselling novels have garnered him a revered position in the halls of parody next to the likes of Mark Twain Kurt Vonnegut Douglas Adams and Carl Hiaasen The Color of MagicM is Terry Pratchett s maiden voyage through the now legendary land of
