Rio Alive:

Death Queen Randolph Winters,2012-04-10 A small town doctor named Victoria Taylor is attacked by a vampire She awakens to find herself torn from her human life and trapped in the Dome a dark world of violent and degenerate creatures As she struggles to escape the dark underworld and longing for the man she can no longer have she succumbs to the erotic sexual desires that seduce her in the dark shadows of the vampire world Her efforts to retain some part of her humanity proves difficult as ancient symbols begin to appear on her body connecting her to an age old battle over the blood of humanity While she tries to save her friends and her town from certain death she is captured and forced into The Pit Of Blood a sinister ritual that transforms her into Vampire Victoria a powerful warrior that must face the merciless vampire warlord in a battle to the death Rated R Adult Action Adventure Mature Sexual Encounters **WAR - Opposition: An Action-Packed Romantic Thriller** Vanessa Kier,2016-08-08 Enjoy this edge of your seat series by romantic thriller author Vanessa Kier He hardened his heart to survive But now the rules have changed Now it s about more than survival Now it s about her Bush pilot Seth Jarrod is trapped in the complicated web of West African rebels Obey every order or they kill his niece Each mission they require strips away a piece of his soul and he s getting awfully close to losing what he has left Up and coming singer songwriter Kirra Neilson is on her way to a benefit concert when her bus is attacked by rebels searching for stolen diamonds All the passengers are being systematically searched and killed and she s next in line Using skills she promised herself she d left in the past Kirra slips her cuffs and escapes But eluding armed men on foot is only possible for so long Fate intervenes and Kirra finds herself face to face with a man who makes her heart sing something she never thought she d feel again Together they must find a way to stay alive save the people at the benefit concert keep Seth s family safe and keep the diamonds out of rebel hands If you like dark gritty edge of your seat action strong heroes and heroines who are pushed to their physical and moral limits and an international setting then you ll love the third book in Vanessa Kier s romantic thriller series WAR Get WAR Opposition now to start the adventure Counter Institution Nandini Bagchee,2018-07-10 In the midst of current debates about the accessibility of public spaces resurfacing as a result of highly visible demonstrations and occupations this book illuminates an overlooked domain of civic participation the office workshop or building where activist groups meet to organize and plan acts of political dissent and collective participation Author Nandini Bagchee examines three re purposed buildings on the Lower East Side that have been used by activists to launch actions over the past forty years The Peace Pentagon was the headquarters of the anti war movement El Bohio was a metaphoric hut that envisioned the Puerto Rican Community as a steward of the environment and ABC No Rio appropriated from a storefront sign with missing letters was a catchy punk name that appealed to the anarchistic sensibility of the artists that ran a storefront gallery in a run down tenement In a captivating discussion of buildings and urban settings as important components of progressive struggles in New York City over more than a century Bagchee reveals how these collectively organized spaces have provided a venue

for political participation while existing as a vital part of the city's civic infrastructure. The counter institution explored in this book represents both a conceptual and a literal struggle to create a space for civic action in a city that is built upon real estate speculation. The author reveals the fascinating tension between the impermanence of the insurgent activist practices and the permanent but maintenance heavy aspects of architecture. The actors she vividly describes: the war resisters, the Puerto Rican organizers, the housing activists, the punks and artists, all seized the opportunity to create what are seen as activist estates at a time and in a place where urban life itself was under attack. And now when many such self-organized activist buildings are imperiled by the finance-driven real estate market that is New York City, this book takes stock and provides visibility to these under-recognized citizens' initiatives. *Counter Institution* is an innovative work that intersects architecture, urban design practices and geography, cartography on the one hand with history, politics and sociology on the other. It is a must-read for anyone interested in the history of activism in New York City and how the city can inspire and encourage political engagement. Through its beautifully illustrated pages where drawings, maps, timelines and photographs underline the connections between people, politics and space, readers will discover new ways to imagine buildings as a critical part of the civic infrastructure and a vital resource for the future.

The Survivor Wants to Die at the End Adam

Silvera, 2025-05-06 In this third book of the USA Today and 1 New York Times mega best-selling *They Both Die at the End* series, two strangers, each with their own complicated relationship to Death Cast, help each other learn to live. Paz Dario stays up every night waiting for the Death Cast call that would mean he doesn't have to keep faking his way through this lonely life. After a devastating day, Paz decides he's done waiting around for Death Cast. If they say he's not dying, he'll just have to prove them wrong. But right before Paz can die, a boy saves his life. Alano Rosa is heir to the Death Cast empire that encourages everyone to live their best lives, but he doesn't feel in control of his own existence thanks to his father. And with a violent organization called the Death Guard threatening Alano, his End Day might be closer than he thinks. It's time to live. Fate brings Paz and Alano together, but it's now up to the boys to survive the tragic trials ahead so no one dies at the end. This book contains themes that some readers may find difficult.
