**The Works** Alexander Pope,1886      **The Works of Alexander Pope** Alexander Pope,1886      The Works of Alexander Pope: Correspondence and prose works Alexander Pope,1886      **Shakespeare's Prop Room** John Leland,Alan Baragona,2016-03-25 This study provides the first comprehensive examination of every prop in Shakespeare's plays whether mentioned in stage directions indicated in dialogue or implied by the action Building on the latest scholarship and offering a witty treatment of the subject the authors delve into numerous historical documents the business of theater in Renaissance England and the plays themselves to explain what audiences might have seen at the Globe the Rose the Curtain or the Blackfriars Playhouse and why it matters Students of the plays will be able to read beyond Shakespeare's words and visualize the drama as it might have appeared on the stage Scholars will find a wealth of previously unmined material for reconstructing Renaissance theatrical practices School drama groups amateur theaters and directors and prop masters of professional troupes will find help in mounting their own productions as the Bard's audiences would have seen them      **The Works of Alexander Pope** Pope,1886      **The Play within the Play** ,2007-01-01 The thirty chapters of this innovative international study are all devoted to the topic of the play within the play The authors explore the wide range of aesthetic literary theoretical and philosophical issues associated with this rhetorical device not only in terms of its original meta theatrical setting from the baroque idea of a theatrum mundi onward to contemporary examples of postmodern self referential dramaturgy but also with regard to a variety of different generic applications e.g. in narrative fiction musical theatre and film The authors internationally recognized specialists in their respective fields draw on recent debates in such areas as postcolonial studies game and systems theories media and performance studies to analyze the specific qualities and characteristics of the play within the play as ultimate affirmation of the self the Hamlet paradigm as a self reflective agency of meta theatrical discourse and as a vehicle of intermedial and intercultural transformation The challenging study with its underlying premise of play as a key feature of cultural anthropology and human creativity breaks new ground by placing the play within the play at the centre of a number of intersecting scholarly discourses on areas of topical concern to scholars in the humanities      **Daily Report** ,1985      **Lessing and the Consequences** Robert Vellusig,2025-11-07 The history of modern German drama begins with Lessing However he is regarded as an author who stands at a threshold paving the way for Weimar Classicism without walking it himself Lessing is the pre classicist of German literature praised and appropriated as a fighter for the nation and the bourgeoisie for truth and tolerance Robert Vellusig traces Lessing's influence on German culture and literature with all its misunderstandings in contrast to his multifaceted oeuvre and portrays him as a pastor's son turned poet a genius of criticism an intellectual well versed in public debates and an outstanding representative of Enlightenment in the truest sense of the word This book is a translation of the original German edition *Lessing und die Folgen* by Robert Vellusig published by J B Metzler part of Springer Nature in 2023 The translation was done by artificial
