Making The New Europe:

Making the New Europe M. L. Smith, Peter M.R. Stirk, 2016-10-06 This volume evaluates the notion of European Unity in a period when European identity was subjected to the destructive consequences of Nazi and Fascist domination of much of the Continent By presenting the competing visions of transformation and reconstruction played out during the war years the book aims to provide broader based and more complex insights into forces that shaped the post war period than those in conventional accounts that locate the thinking about European unity only in the years after 1945 **The New Europe** ,1918

Public Opinion and the Making of Foreign Policy in the 'New Europe' Nathaniel Copsey, 2009 By drawing a new boundary between the EU and its eastern neighbours the European Union has since 1989 created a frontier that has been popularly described in the frontier states as the new Berlin Wall This book is the first comparative study of the impact of public opinion on the making of foreign policy in two Eastern European states on either side of the divide Poland and Ukraine

Immigration and Politics in the New Europe Gallya Lahav, 2004-04-22 With almost a quarter of the world s migrants Europe has been attempting to regulate migration and harmonize immigration policy at the European level The central dilemma exposed is how liberal democracies can reconcile the need to control the movement of people with the desire to promote open borders free markets and liberal standards Gallya Lahav s book traces ten years of public opinion and elite attitudes toward immigration cross nationally to show how and why increasing EU integration may not necessarily lead to more open immigration outcomes Empirical evidence reveals that support from both elite and public opinion has led to the adoption of restrictive immigration policies despite the requirements of open borders Unique in bringing together original data on European legislators and national elites longitudinal data on public opinion and institutional and policy analyses this 2004 study provides an important insight into the processes of European integration and globalization more broadly **New**

Europe, New Germany, Old Foreign Policy? Douglas Webber, 2001 The contributions to this volume analyze how and the extent to which German foreign and European policy has changed since German unification **New Europe** ,1974 **The**

Development of Economics in Western Europe Since 1945 A. W. (Bob) Coats, 2005-08-19 The volume goes beyond the conventional history of economics in its emphasis on the historical and institutional context economic policy and the development of economics as a profession **Intercultural Conflict and Harmony in the Central European**

Borderlands Mihai I. Spariosu, 2017-05-15 This crossdisciplinary collection of essays combines qualitative and quantitative approaches to re examine the most influential contemporary theories of intercultural relations and their application in various domains including historiography sociology and cultural studies A particular focus lies on Central Europe historical Banat and Transylvania but also on the current public policies toward ethnic and religious minorities as well as recent immigrants It argues that much more complex approaches are needed both historically and conceptually in exploring intercultural relations Thus the political decision making in East Central European countries and the European Union as a

whole could benefit from a well informed historical perspective by learning from the successes and errors of their predecessors
