Malay Kinship:

Malay Kinship David J. Banks, 1979 *Malay Kinship and Marriage in Singapore* Judith Djamour, 2021-01-07 Dr Djamour spent two years in Singapore both in the city and in a Malay fishing village and her first hand account draws a lively and sympathetic picture of behaviour within the family and between kinsmen It is nonetheless an important contribution to social anthropology and discusses as its central topic the instability of Malay marriage The causes and consequences of this phenomenon which involve social economic and psychological considerations are analysed in some detail The social picture which emerges has wide validity throughout the country and should prove of value to all who seek a fuller knowledge of Malay society **Malay Kinship Terms and Morgan's Malayan Terminology**, 1974 The contemporary Family in Singapore Aline K. Wong, 1979 Twelve essays on the sociology of the family in Singapore in the modern period *The Politics of Indonesia-Malaysia Relations* Joseph Chinyong Liow, 2005 This book provides a comprehensive overview of the relationship between Indonesia and Malaysia focusing especially on how the relationship has developed in the last fifty years It argues that the political relationship between the two countries has been largely defined by rivalry despite the fact that the processes of national self determination began by emphasising Indo Malay fraternity It shows how the two countries have different contested interpretations of Indo Malay history and how the continuing suspicion of Javanese hegemony which defined much of the history of the Indo Malay world is also a key factor in the relationship **The Heat of the Hearth** Janet Carsten, 1997 Janet Carsten offers an original and very personal investigation of the nature of kinship in Malaysia based upon her own experience as a foster daughter in a family on the island of Langkawi She shows that Malay kinship is a process not a state it is determined partly by birth but also throughout life by living together and sharing food Carsten gives the reader a fascinating anthropology of everyday life including a compelling view of gender relations she urges reassessment of recent anthropological work on gender and a new approach to the study of kinship *Some Notes on Jakarta Malay Kinship Terms* C.
