*Confessions of a Backup Dancer* Anonymous, 2010-05-11 glamour access scandal. Ever wonder what your favorite pop divas are like AFTER the cameras stop rolling? What do they do behind closed doors? What are their parties like? What do they think about? What do they fight about? What do they really want? And who do they REALLY hook up with? Kelly Kimball spent a summer as a backup dancer for Darcy Barnes, the biggest pop star in the world. Kelly's got the real story on Darcy, her life, her family, and her entourage, and she's spilling it here for the first time. If you think the life of a superstar can't possibly be all it's cracked up to be, you're wrong. It's all that and more. And it's all inside Kelly's tell-all diary.

*Confessions of a Backup Dancer* Reimagining Black Masculinities Mark C. Hopson, Mika'il Petin, 2020-10-14 Reimagining Black Masculinities: Race, Gender, and Public Space addresses how Black masculinities are created, negotiated, and contested in public spaces, focusing on how theory meets praxis when mobilizing for social change. Contributors disentangle complexities of the Black experience and reimagine the radical progressive work required for societal health and wellbeing, forming a mental picture of what the world has the potential to be without excluding current realities for Black boys and men, civic manhood, maleness, and the fluidity of masculinities. These realities are acknowledged and interrogated across private and public contexts, media, education, occupation, and theoretical perspectives. This book encourages readers to envision social identity as an ongoing phenomenon, asserting that collective vision informs action, and collective action informs possibilities for peace and freedom in the world around us. Scholars of communication, gender studies, and race studies will find this book particularly interesting.

**Bridging the Literacy Achievement Gap, Grades 4-12** Dorothy S. Strickland, Donna E. Alvermann, 2004-05-26 This book addresses critical issues related to pre-adolescent and adolescent literacy learners, with a focus on closing the achievement gap. Despite efforts by educators and policymakers during the past several decades, certain groups of students, primarily African American students, English language learners, and students from low-income homes, continue to underperform on commonly used measures of academic achievement. Too often, teachers and administrators lack both proper preparation and good ideas to confront these issues.
