Adam Makos,Larry Alexander,2014-05-06 THE INTERNATIONAL BESTSELLER Beautifully told CNN A remarkable story worth retelling and celebrating USA Today Oh it's a good one Fox News A beautiful story of a brotherhood between enemies emerges from the horrors of World War II in this New York Times bestseller by the author of *Devotion* now a Major Motion Picture December 1943 A badly damaged American bomber struggles to fly over wartime Germany At the controls is twenty one year old Second Lieutenant Charlie Brown Half his crew lay wounded or dead on this their first mission Suddenly a Messerschmitt fighter pulls up on the bomber's tail The pilot is German ace Franz Stigler and he can destroy the young

American crew with the squeeze of a trigger What happened next would defy imagination and later be called the most incredible encounter between enemies in World War II The U S 8th Air Force would later classify what happened between them as top secret It was an act that Franz could never mention for fear of facing a firing squad It was the encounter that would haunt both Charlie and Franz for forty years until as old men they would search the world for each other a last mission that could change their lives forever

Killer Caldwell Jeffrey Watson,2010-11-01 Clive Killer Caldwell was a natural and brilliant pilot a superb shot and a born leader He saw action against the Germans Italians and Japanese and remains Australia s greatest ever fighter pilot Born and brought up in Sydney it was obvious from an early age that nothing would stand in Caldwell s way He bluffed his way into the RAAF then made sure that he was posted to exactly where he thought he should be His ability was unquestioned by all those around him and he devised the vital shadow shooting technique which contributed so much to Allied success in the air in the north African campaign and in northern Australia But he was never afraid of voicing his opinions to all those above and below him be it about the training of pilots or the equipping of Spitfires for use against the Japanese and for trying to run the show his way Caldwell ended his military career in the Morotai Mutiny in 1945 where he and a number of other Australian pilots tried to resign their commissions in protest at not being allowed by General MacArthur and the RAAF to take part in the main action And then he was embroiled in the Barry inquiry into booze smuggling by him and other pilots Killer Caldwell is a colourful portrait of a colourful Australian Man's Peril, 1954-55 Bertrand Russell,2003 This volume signals reinvigoration of Russell the public campaigner and captures the essence of Russell s thinking about nuclear weapons and the Cold War in the mid 1950s
