Middle East For Dummies:

The Middle East For Dummies Craig S. Davis, 2011-03-10 Demystifies the area's culture, politics, and religions. Explore Middle Eastern history from ancient to modern times. Looking to better understand the Middle East? This plain English guide explains the importance of the region, especially in light of recent events. You'll meet its people and their leaders, discover the differences and similarities between Arab and Western mindsets, and examine the wars and conflicts, including the Israeli-Palestinian turmoil that led up to the current political situation. The Dummies Way: Explanations in plain English. Get in, get out: information, icons, and other navigational aids. Tear out cheat sheet. Top ten lists. A dash of humor and fun. **The Complete Idiot's Guide to Middle East Conflict** Mitchell Geoffrey Bard, 2003. You're no idiot, of course. You know that the countries of the Middle East—Israel, Iraq, Egypt, Saudi Arabia, and more—are in the news daily because of failed peace initiatives, suicide bombings, or threats to our security. However, the nations contained within this desert region have fought one another long before it was broadcast on CNN and even long before the state of Israel existed. Understand the ancient animosities and modern tensions that continue to plague this troubled region. **The Complete Idiot's Guide to Middle East Conflict**, Second Edition, shows you exactly why the Holy Land continues to remain a war zone despite the efforts of peacemakers. In this newly updated and revised **Complete Idiot's Guide**, you get the birth of the empires established under the Muslim and Christian faiths; the division of the Middle East into new nations after World War I, including the creation of a Jewish homeland in Palestine; how the United States became involved in the region and the many alliances formed and broken over the decades; the history of terrorism in the Middle East and the formation of the U.S.-led coalition to combat it. **Arabic for Beginners** Sarah Risha, 2022-06-28. A complete beginning language course for Modern Standard Arabic. This is an ideal introductory textbook quickly teaching you everything you need to get started learning this beautiful and popular language. Spoken by over 400 million people, Arabic is the world's 5th most spoken language. Each of the 20 lessons in this book includes a real-life practical dialogue that increases your proficiency and ability to communicate, and online audio recordings. The free online audio recordings by native speakers help you learn how to accurately pronounce all the Arabic words and sentences provided. A list of common Arabic words and phrases, along with sentence patterns and grammar notes, extensive drills, and exercises to reinforce the lessons and help you progress. Interesting information on culture, geography, customs, pastimes, and everyday life. Reflections that allow you to record what you have learned, helping you track your progress. **Arabic for Beginners** teaches you how to read and write the Arabic script and comes with a set of free downloadable flash cards to help you memorize the alphabet and basic vocabulary. A glossary at the back allows you to look up the equivalents for common Arabic and English words. With the book, students learn Modern Standard Arabic (MSA), which is understood by all native Arabic speakers. Though spoken dialects vary widely by region, MSA is taught at schools throughout all Arab countries and is the prominent language of TV, print media, advertisements, signs, and more. Whether you are working in an Arabic-speaking country or wish to learn
