Midnight Tales of Torment Kitt Gerrard,2014-03-13 Undercover agent Jayne Morton has been in many compromising positions in her career but none so challenging as this one to be trapped on an Antarctic listening post with a man who s tormented by sexual deprivation And her own provocative presence does nothing to alleviate his condition Or hers With the prospect of relief a winter away the pair are forced to devise a means of living in comfort without undermining their professional relationship Their solution is to revive the art of erotic storytelling To liberate their yearning flesh by giving their sensual imaginations full rein To lie naked in their solitary bunks and spin *Midnight Tales of Torment* through the long reaches of the night

Antarctica in Fiction Elizabeth Leane,2012-06-29 This comprehensive analysis of literary responses to Antarctica examines the rich body of literature that the continent has provoked over the last three centuries focussing particularly on narrative fiction Novelists as diverse as Edgar Allan Poe James Fenimore Cooper Jules Verne H P Lovecraft Ursula Le Guin Beryl Bainbridge and Kim Stanley Robinson have all been drawn artistically to the far south The continent has also inspired genre fiction including a Mills and Boon novel a Phantom comic and a Biggles book as well as countless lost race romances espionage thrillers and horror fantasies *Antarctica in Fiction* draws on these sources as well as film travel narratives and explorers own creative writing It maps the far south as a space of the imagination and argues that only by engaging with this space in addition to the physical continent can we understand current attitudes towards Antarctica
