The Chicago of Fiction James A. Kaser, 2011 The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians. While databases of bibliographical information on Chicago-centered fiction are available, they are of little use to scholars researching works written before the 1980s. In *The Chicago of Fiction: A Resource Guide*, James A. Kaser provides detailed synopses for more than 1,200 works of fiction significantly set in Chicago and published between 1852 and 1980. The synopses include plot summaries, names of major characters, and an indication of physical settings. An appendix provides bibliographical information for works dating from 1981 well into the 21st century, while a biographical section provides basic information about the authors, some of whom are obscure and would be difficult to find in other sources. Written to assist researchers in locating works of fiction for analysis, the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies, i.e., class, ethnicity, gender, immigrant experience, and race. The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading, particularly since genre, juvenile, and young adult fiction, as well as literary fiction, are included.

Collection of Plays Ca. 1870-1914, 1901 [The Eagle's Claw](#) Jeff Shaara, 2021-06-15 A master of epic military fiction, the *New York Times* bestselling author of *To Wake the Giant* makes Midway personal as he takes us inside the hearts and minds of the heroes of one of World War II's most pivotal moments. His books have been praised as paeans to the American fighting man, *Los Angeles Times*, and as pounding with fierce action and human drama and packed with accurately rendered history, *St. Petersburg Times*. Now Jeff Shaara recounts in electrifying detail the U.S. Navy's surge to defend its country in what will become known as one of the most definitive and heroic examples of combat ever seen: the Battle of Midway. In this biting new tale, Shaara shares the stories of all ranks and the unique sacrifices each man is compelled to bravely make for the sake of country, freedom, and honor. Featuring his signature depth of research and you are there immediacy, this novel shows once again why Shaara is unequivocally the master of military fiction.
