history and the future is his consideration of how one's individual subjectivity is shaped by familial and institutional power structures within society. *Ghost and Spirit* highlights the significant and prescient questions about the role of art and of the artist and about gender and class in terms that stem from Kelley's own position as a white heterosexual man in postmodern capitalist America. Featuring a diverse range of voices, it explores the major works and themes of Kelley's career while drawing attention to aspects of his practice associated with performance, activism, and collaboration to emphasize his continual deflation of his own authority and his willingness to invent and inhabit several identities. Covering over four decades of Kelley's work spanning performance, sculpture, video, and installation and articulating challenges to power, gender, class, and sexuality, this book is a pertinent presentation of the breadth, complexity, and significance of Kelley's influential practice.

Mike Kelley Mike Kelley, 2012 **Stopgap Measures** John C. Welchman, 2024-03-11 **Foul Perfection** Mike Kelley, 2003-06-20

Critical writings and commentary by the Los Angeles-based artist Mike Kelley. The work of artist Mike Kelley, b. 1954, embraces performance, installation, drawing, painting, video, and sculpture. Drawing distinctively on high art and vernacular traditions, including historical research, popular culture, and psychology, Kelley came to prominence in the 1980s with a series of sculptures composed of craft materials. His recent work offers dialogues with architecture and with repressed memory syndrome and a sustained inquiry into his own aesthetic and social history. The subjects on which Kelley has written are as varied as his artistic media. They include the work of fellow artists, sound, caricature, the uncanny, UFOlogy, and gender bending. This book offers a diverse collection of Kelley's writings from the last twenty-five years. It contains major critical texts on art, film, and the wider culture, including his piece on the aesthetic he calls urban Gothic. It also contains essays mostly commissioned for exhibition catalogs and journals on the artists and groups David Askevold,yvind Fahlström, Douglas Huebler, John Miller, Survival Research Laboratories, and Paul Thek, among others. Kelley's voices are passionate, analytic, and ironic, and his critical intelligence is leavened with touches of whimsy.

Kelley's seminal mixed-media installation *Profondeurs Vertes*, his ode to the influential paintings in the collection of the Detroit Institute of Arts that captivated him as a young person, is also featured.
