The Ukrainians Andrew Wilson, 2015-10-15 The most acute informed and up to date account available today of Ukraine and its people now in its fourth edition An interesting and provocative read which will one hopes contribute to the Western understanding of what Ukraine is and why it matters Volodymyr Kulyk Harvard Ukrainian Studies A spirited and eminently learned investigation of who Ukrainians say that they are how they came to be so and how others view them If you re add only one book of Ukraine this should probably be it Elizabeth Luchka Haigh H Net Reviews *Ukrainian Nationalism in the 1990s* Andrew Wilson, 1997 The complex interrelationship between Russia and Ukraine is arguably the most important single factor in determining the future politics of the Eurasian region In this book Andrew Wilson examines the phenomenon of Ukrainian nationalism and its influence on the politics of independent Ukraine arguing that historical ethnic and linguistic factors limit the appeal of narrow ethno nationalism even to many ethnic Ukrainians Nevertheless ethno nationalism has a strong emotive appeal to a minority who may therefore undermine Ukraine s attempts to construct an open civic state Ukraine is therefore a fascinating test case for alternative nation building strategies in countries of the former Soviet Union and Eastern Europe *Encyclopedia of Ukraine* Volodymyr Kubijovyc, 1984-12-15 Over thirty years in the making the most comprehensive work in English on Ukraine is now complete its history people geography economy and cultural heritage both in Ukraine and in the diaspora [The Universe Behind Barbed Wire](#) Myroslav Marynovych, 2021 This is an English translation of a memoir by Myroslav Marynovich a Ukrainian dissident who was imprisoned and later exiled during the Brezhnev years because of his membership in the Ukrainian Helsinki Human Rights Defense Group UHG which sought to make public the human rights conditions that existed in Soviet controlled Ukraine Born in Halychyna a European oriented western region of Ukraine also known as Galicia just after World War II and educated in Soviet schools the author describes in his memoir the influence of his Galician family in developing his position of resistance to totalitarian regimes The narrative depicts life in Soviet occupied Kyiv during the epoch of the Helsinki movement describing the activities of the UHG and its members their arrests and the Soviet abuse of justice The author shares details of the political prisoners life in concentration camps and clarifies the circumstances of his exile to Kazakhstan A significant amount of the memoir is dedicated to describing the author s personal spiritual growth his perspective is that of a deeply religious person a devoted Christian and this as one of the readers points out is one of the features that makes his story noteworthy Marynovych belongs to another underrepresented group dissidents driven by Christian faith who nonetheless joined the broader movement for civil and human rights a movement dominated by secular metropolitan intellectuals many of them scientists of one kind or another The first underrepresented group per this reader is dissidents from Ukraine of whom much less has been written about than their counterparts elsewhere in the Soviet Union [Encyclopedia of Ukraine](#) Danylo Husar Struk, 1993-12-15 Over thirty years in the making the most comprehensive work in English on Ukraine is now complete its history people geography

Human Rights Arthur V. Carrington, 2000 To the consternation of the haves some humans continue to insist that they are entitled to live as humans While it is perhaps a question of philosophy what constitutes a human right it is more clear what constitutes an abuse of human rights The world has never been short on abusers and is surely not now Only the names and faces have changed over time The powerful tend to be the abusers and the weak the abused Being aware of the abuses can at least focus light on them and perhaps serve as a proactive response This bibliography presents hundreds of citations of human right violations under the categories Basic Human Rights North America Latin America Europe Asia Middle East and Africa Access is provided via Title Author and Subject Indexes *Journal of Ukrainian Studies*, 1990
