Reckless Women:

Feminism Correa Moylan Walsh, 1917 **Women's International Thought: Towards a New Canon** Patricia Owens, Katharina Rietzler, Kimberly Hutchings, Sarah C. Dunstan, 2022-05-05 All scholarship is a collective endeavour but this book and the context in which it was completed has taught us more about the necessities of collective intellectual work and its material and emotional conditions than we would have liked The COVID 19 pandemic and lockdown came to our cities just as we completed the first draft of the book but with a lot more work to do Even before the coronavirus we were conscious of the extent to which intellectual labour depends on other forms of labour often unacknowledged and provided by others

The History of British Women's Writing, 1920-1945 M. Joannou, 2016-01-03 Featuring sixteen contributions from recognized authorities in their respective fields this superb new mapping of women's writing ranges from feminine middlebrow novels to Virginia Woolf's modernist aesthetics from women's literary journalism to crime fiction and from West End drama to the literature of Scotland Ireland and Wales **British Women's Writing from Brontë to Bloomsbury, Volume 2** Adrienne E. Gavin, Carolyn W. de la L. Oulton, 2020-08-26 This five volume series British Women's Writing From Brontë to Bloomsbury 1840 1940 historically contextualizes and traces developments in women's fiction from 1840 to 1940 Critically assessing both canonical and lesser known British women's writing decade by decade it redefines the landscape of women's authorship across a century of dynamic social and cultural change With each of its volumes devoted to two decades the series is wide in scope but historically sharply defined Volume 2 1860s and 1870s continues the series by historically and culturally contextualizing Victorian women's writing distinctly within the 1860s and 1870s Covering a range of fictional approaches including short stories religiously inflected novels and comic writing the volume's 16 original essays consider such developments as the sensation craze the impact of new technologies and the career opportunities opening for women Centrally it reassesses key nineteenth century female authors in the context in which they first published while also recovering neglected women writers who helped to shape the literary landscape of the 1860s and 1870s **Days of '49**

Gordon Young, 1925 **Woman Through the Ages** Emil Reich, 1908 **Global Women's Work** Beth English, Mary E. Frederickson, Olga Sanmiguel-Valderrama, 2018-12-07 This volume considers how women are shaping the global economic landscape through their labor activism and multiple discourses about work Bringing together an interdisciplinary group of international scholars the book offers a gendered examination of work in the global economy and analyses the effects of the 2008 downturn on women's labor force participation and workplace activism The book addresses three key themes exploitation versus opportunity women's agency within the context of changing economic options and women's negotiations and renegotiations of unpaid social reproductive labor This uniquely interdisciplinary and comparative analysis will be crucial reading for anyone with an interest in gender and the post crisis world With the World's People John Clark Ridpath, 1916
