Abstract

This document is an updated version of the *Indian Hill C Style and Coding Standards* paper, with modifications by the last three authors. It describes a recommended coding standard for C programs. The scope is coding style, not functional organization.

1. Introduction

This document is a modified version of a document from a committee formed at AT&T's Indian Hill labs to establish a common set of coding standards and recommendations for the Indian Hill community.

The scope of this work is C coding style. The scope of this work is C coding style. Good style should encourage consistent layout, improve portability, and reduce errors.
