**The Reconstruction of Religion** Charles Abram Ellwood,1922 A selected list of books in English suggested for collateral reading p 319 324     Toward a Reconstruction of Religion Eugene Fontinell,1970     Building God's Kingdom Julie J. Ingersoll,2015-07-01 For the last several decades at the far fringes of American evangelical Christianity has stood an intellectual movement known as Christian Reconstruction The proponents of this movement embrace a radical position that all of life should be brought under the authority of biblical law as it is contained in both the Old and New Testaments They challenge the legitimacy of democracy argue that slavery is biblically justifiable and support the death penalty for all manner of crimes described in the Bible including homosexuality adultery and Sabbath breaking But as Julie Ingersoll shows in this fascinating new book this Biblical Worldview shapes their views not only on political issues but on everything from private property and economic policy to history and literature Holding that the Bible provides a coherent internally consistent and all encompassing worldview they seek to remake the entirety of society church state family economy along biblical lines Tracing the movement from its mid twentieth century origins in the writings of theologian and philosopher R J Rushdoony to its present day sites of influence including the Christian Home School movement advocacy for the teaching of creationism and the development and rise of the Tea Party Ingersoll illustrates how Reconstructionists have broadly and subtly shaped conservative American Protestantism over the course of the late twentieth and early twenty first centuries Drawing on interviews with Reconstructionists themselves as well as extensive research in Reconstructionist publications Building God's Kingdom offers the most complete and balanced portrait to date of this enigmatic segment of the Christian Right     The Reconstruction of Religious Thought in Islam Mohammad Iqbal,2013-05-22 The Reconstruction of Religious Thought in Islam 1930 is Muhammad Iqbal s major philosophic work a series of profound reflections on the perennial conflict among science religion and philosophy culminating in new visions of the unity of human knowledge of the human spirit and of God Iqbal s thought contributed significantly to the establishment of Pakistan to the religious and political ideals of the Iranian Revolution and to the survival of Muslim identity in parts of the former USSR It now serves as new bridge between East and West and between Islam and the other Religions of the Book With a new Introduction by Javed Majeed this edition of The Reconstruction opens the teachings of Iqbal to the modern Western reader It will be essential reading for all those interested in Islamic intellectual history the renewal of Islam in the modern world and political theory of Islam s relationship to the West

**The Reconstruction of Religion** Jan-Olav Henriksen, 2015-03-13 The Reconstruction of Religion explores the thoughts of three influential philosophers G E Lessing Soren Kierkegaard and Friedrich Nietzsche looking in particular at their influential approaches to the relationship between religion and modernity In a period of a little more than one hundred years Lessing Kierkegaard and Nietzsche each developed a different theory of religion Rejecting the possibility of maintaining religious faith on the old foundation of church tradition these thinkers formulated new ways of understanding religion in response to the challenges of modernity Though the conclusions of each system are different there remain important elements in common between them such as the importance of religious subjectivity Jan Olav Henriksen compares and contrasts the thought of Lessing Kierkegaard and Nietzsche showing that each of these philosophers still has something important to contribute to understanding religion in our own postmodern era For anyone interested in the position of religious belief in today s world these reconstructions of religion are of great value In addition to their place in the history of ideas these three philosophical approaches anticipate some of the recent issues relating to religion in postmodernity Henriksen s perceptive work moves beyond the level of historical analysis to insightful rereadings of Lessing Kierkegaard and Nietzsche that help us better understand the place of religion in our pluralistic society

[Christian Reconstruction](#) Michael J. McVicar, 2015-04-27 This is the first critical history of Christian Reconstruction and its founder and champion theologian and activist Rousas John Rushdoony 1916 2001 Drawing on exclusive access to Rushdoony s personal papers and extensive correspondence Michael J McVicar demonstrates the considerable role Reconstructionism played in the development of the radical Christian Right and an American theocratic agenda As a religious movement Reconstructionism aims at nothing less than reconstructing individuals through a form of Christian governance that if implemented in the lives of U S citizens would fundamentally alter the shape of American society McVicar examines Rushdoony s career and traces Reconstructionism as it grew from a grassroots populist movement in the 1960s to its height of popularity in the 1970s and 1980s He reveals the movement s galvanizing role in the development of political conspiracy theories and survivalism libertarianism and antistatism and educational reform and homeschooling The book demonstrates how these issues have retained and in many cases gained potency for conservative Christians to the present day despite the decline of the movement itself beginning in the 1990s McVicar contends that Christian

Reconstruction has contributed significantly to how certain forms of religiosity have become central and now familiar aspects of an often controversial conservative revolution in America *The Reconstruction of Religious Belief* W. H. Mallock,

**Theology in Reconstruction** Thomas F. Torrance, 1996-12-19 A collection of fifteen essays addressing the basic intellectual challenges to the contemporary Christian church Professor Torrance deals with such topics as the centrality of Christology in scientific dogmatics the Reformed and Roman Catholic doctrines of grace theological education the relation of theological statements to scientific methodology the contemporary significance of some past theological giants and the nature and significance of the Holy Spirit and of the church *The Reconstruction of Religion* Rufus Washington Weaver

(Ph. Muhammad Iqbal, 2017-05-27 This book is one of the many Islamic publications distributed by Mustafa Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support Its objectives are numerous yet its main goal is to spread the truth about the Islamic faith in general and the Shi'a School of Thought in particular due to the latter being misrepresented misunderstood and its tenets often assaulted by many ignorant folks Muslims and non Muslims Organization's purpose is to facilitate the dissemination of knowledge through a global medium the Internet to locations where such resources are not commonly or easily accessible or are resented resisted and fought **The Reconstruction of**

**Religious Thought in Islam** Sir Muḥammad Iqbāl, Javid Iqbal, 1968 **The Expository Times**, 1919 **Vale of Tears**

Edward J. Blum, W. Scott Poole, 2005 Vale of Tears New Essays in Religion and Reconstruction offers a window into the exciting work being done by historians social scientists and scholars of religious studies on the epoch of Reconstruction A time of both peril and promise Reconstruction in America became a cauldron of transformation and change This collection argues that religion provided the idiom and symbol as often the very substance of those changes The authors of this collection examine how African Americans and white Southerners New England Abolitionists and former Confederate

soldiers Catholics and Protestants on both sides of the Mason Dixon line brought their sense of the sacred into collaboration and conflict Together these essays mark an important new departure in a still contested period of American history Interdisciplinary in scope and content it promises to challenge many of the traditional parameters of Reconstruction historiography The range of contributors to the project including Gaines Foster and Paul Harvey will draw a great deal of attention from Southern historians literary scholars and scholars of American religion
