**Ottoman Palestine** Alan Dowty,2019-02-01 When did the Arab Israeli conflict begin Some discussions focus on the 1967 war some go back to the creation of the state of Israel in 1948 and others look to the beginning of the British Mandate in 1922 Alan Dowty however traces the earliest roots of the conflict to the Ottoman Empire in the 19th century arguing that this historical approach highlights constant clashes between religious and ethnic groups in Palestine He demonstrates that existing Arab residents viewed new Jewish settlers as European and shares evidence of overwhelming hostility to foreigners from European lands He shows that Jewish settlers had tremendous incentive to minimize all obstacles to settlement including the inconvenient hostility of the existing population Dowty s thorough research reveals how events that occurred over 125 years ago shaped the implacable conflict that dominates the Middle East today *The Menorah Journal* ,1918

*A History Of The Modern Middle East* William L Cleveland,2000 This comprehensive work provides a penetrating analysis of modern Middle Eastern history from the Ottoman and Egyptian reforms through the challenge of Western imperialism to the Iranian Revolution and the Gulf War After introducing the reader to the region s history from the origins of Islam in the seventh century Cleveland focuses on the past two centuries of profound and often dramatic change While built around a framework of political history the book also carefully integrates social cultural and economic developments into a single carefully crafted account The revised and updated second edition of this benchmark text includes information on the Middle East since the close of the Cold War and a new section on civil society and Islamic politics in the 1990s *Federation in*
