Malachis Moon:

Malachi's Moon Billie Sue Mosiman, 2002 In this sequel to *Red Moon Rising* Mento the most respected elder in the vampire community has reason to fear the Predators who are on the brink of declaring war on vampires and humans alike Only Malachi the young child born of a female vampire and a human male can stop these Predators if the boy lives long enough to come into his own powers

Vampires Are Us Margot Adler, 2014-03-01 The author of *Drawing Down the Moon* offers a literate imaginative and just plain fascinating exploration of the enduring allure of vampires Whitley Strieber author of *The Hunger* Author and NPR correspondent Margot Adler found herself newly drawn to vampire novels while sitting vigil at her dying husband's bedside Intrigued by the way this ever evolving myth lets us contemplate mortality she embarked on a years long journey of reading hundreds vampire novels from teen to adult from gothic to modern from detective to comic She began to see just how each era creates the vampires it needs Dracula an Eastern European monster was the perfect vehicle for 19th century England's fear of outsiders and of disease seeping in through its large ports In 1960s America the television show *Dark Shadows* gave us the morally conflicted vampire struggling against his own predatory nature who still enthralls us today From Bram Stoker to Ann Rice from vampire detective thrillers to lesbian vampire fiction and from *Buffy the Vampire Slayer* to *Twilight* and *True Blood* *Vampires Are Us* explores the issues of power politics morality identity and even the fate of the planet that show up in vampire novels today Perhaps Adler suggests our blood is oil perhaps our prey is the planet Perhaps vampires are us
