Maman Last Call:

The Shady Side of Fifty Lisa Dillon, 2008-03-19 Concerns about aging old age security and intergenerational relations existed long before youth culture and falling fertility became such popular media topics Lisa Dillon uses an examination of the censuses of Canada and the U S to break new ground by integrating statistical analyses of the historical data with a discourse analysis of ideas about age and old age In The Shady Side of Fifty she explores the psychological social and economic dimensions of aging during a period of socio economic and demographic change that mirrors the present day Dillon uses the census as both a qualitative document and a source of quantitative data and also draws on diaries and letters to show how subtle shifts in the living arrangements of the elderly decreasing intergenerational interdependence and the advent of retirement and the empty nest changed the trajectory of old age during 1870 1901 The Shady Side of Fifty analyses these social shifts to reveal two different kinds of age anxiety facing a new decade and dealing with extreme old age Last Call Harry Mulisch, 1991-05 This is the highest kind of achievement of which fiction is capable Ranks with the finest European fiction of recent years The Christian Science Monitor Uli Bouwmeester is a retired variety artiste who spends his days whiling away his time Out of the blue an invitation arrives to play the leading part in a new drama at the Actor s Theater in Amsterdam and he is flung with a vengeance from the monotony of life in the suburbs into the reality of the 1980s All goes well until a television crew arrives to interview Uli revealing a secret from his past that threatens not only the success of the theater s enterprise but also Uli s life In his corner of Europe Dutch novelist Harry Mulisch is creating some of the more haunting provocative fiction to emerge from the continent in the past decade New York Newsday *Black Or White* Deepak Sharma, 2023-08-19 The core concept of this book is self reflection through the idea of looking at our choices Everything has a good and a bad side attached to it however goodness and baseness are just perspectives what works for us might not work for others Our choices sometimes have certain biases which are not only harmful to society but can harm us as well The worrisome part of our biases is that we don t even know how and when we developed them So this story is built around these ideas **Design**, 2006 **Variety International Film Guide**, 2005 *La critique n'a jamais tué personne* Nathalie Petrowski, 2019-11-14 T00:00:00-05:00 Avec une plume aussi bien tremp e que son caract re Nathalie Petrowski a toujours t un esprit libre Dans *La critique n a jamais tu personne* elle nous livre sans faux fuyants et sans r glements de comptes ses mmoires de journaliste Ceux d une femme qui du p tit Simard Marie Mai de Ren L vesque Manon Mass du sexisme ordinaire metoo et du Jerrold au iPad jette un regard passionn et critique sur la culture le journalisme et ses enjeux **A Cup of Redemption** Carole Bumpus, 2014-10-27 Like the braiding of three strands of brioche the lives of three women Sophie Zab l Sullivan Marcelle Pourrette Zab l and Kate Barrington become inextricably intertwined as each struggles to resolve issues from past wars that have profoundly impacted their lives Sophie believed her childhood nightmares were safely behind her once she married and moved to the U S from France until she is called to her mother Marcelle s deathbed to honor one final
