

Summary Of The White Man s Burden

According to William Easterly, the accomplishments of planned development are not impressive. In an overly simplified process, governments invest capital to provide aid to developing countries (in this case food aid), it then does not yield a specific result or target, and the aid goes somewhere unintended (Easterly, 2006). In *The White Man s Burden*, Easterly discusses the notion that aid aims to please the donor instead of their electorate, by focusing on the wrong projects, and project impacts are often not measured scientifically (Easterly, 2006). In other words, development aid does more harm by fostering a dependency in recipient governments (Diriye, et al., 2014). For developments sake, positive effects are tarnished by the politicization ... [Show more content on Helpwriting.net](#) ...

In *The Gambia*, the government received foreign aid to develop rice projects for the purpose to increase food security from 1966 to 1984 (Carney, 2008). It is important to note that this period from 1966 to 1984 is a period that evolved from the Second World War. As a result, the justification for aid and development was to uplift nations from poverty. Furthermore, development was justified as a moral obligation and as something that advances national interest (Eyob, 2015). However, development for the strict purpose of morality or poverty has unintended consequences. According to Carney, the Gambian government utilized 25,000 hectares of land to facilitate food aid for rice production. Today, only 19 percent of the initial irrigated land for food aid and food security purposes remains in production by farmers (Carney, 2008). As these operations emerged, different labour arrangements (human, mechanical and political) needed to develop in unison. Before the processes were complete, changes in policy favoured the importation of rice instead of local production (Carney,
