*Midrash Behrman House, 1985* In light of the modern day conditions a good selection to follow an introductory course on Jewish texts *Inner-Midrashic Introductions and Their Influence on Introductions to Medieval Rabbinic Bible Commentaries* Michel G. Distefano, 2009-02-26 The opening sections of some exegetical Midrashim deal with the same type of material that is found in introductions to medieval rabbinic Bible commentaries The application of Goldberg's form analysis to these sections reveals the new form Inner Midrashic Introduction IMI as a thematic discourse on introductory issues to biblical books By its very nature the IMI is embedded within the comments on the first biblical verse 1:1 Further analysis of medieval rabbinic Bible commentary introductions in terms of their formal thematic and material characteristics reveals that a high degree of continuity exists between them and the IMIs including another newly discovered form the Inner Commentary Introduction These new discoveries challenge the current view that traces the origin of Bible introduction in Judaism exclusively to non-Jewish models They also point to another important link between the Midrashim and the commentaries i.e. the decomposition of the functional form midrash in the new discursive context of the commentaries Finally the form analysis demonstrates how larger discourses are formed in the exegetical Midrashim **Resource Guide, Update 1986**, 1987 **Three Questions of Formative Judaism** Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise *Three Questions of Formative Judaism* encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details *Rabbinic Texts and the History of Late-Roman Palestine* Martin Goodman, Philip Alexander, 2011-01-13 This volume explains to ancient historians the value of the surviving rabbinic material from late antiquity as evidence for the history of late Roman Palestine the nature of that material and the problems inherent in its use for historical purposes The book will be invaluable for all scholars concerned with the history of the later Roman Empire **Feminist Perspectives on Jewish Studies** Shelly Tenenbaum, 1994-01-01 This work evaluates the development of feminist scholarship within Jewish studies Scholars in biblical studies rabbinics theology history anthropology philosophy and film studies assess the state of knowledge about women in these fields and how they have affected the mainstream *The Story of the Jew for Young People* Elma Ehrlich Levinger, Lee Joseph Levinger, 1928 *The Jewish Encyclopedia: a Descriptive Record of the History, Religion, Literature, and Customs of the Jewish People from the Earliest Times to the*
