**Ludwig Mies van der Rohe** Jean-Louis Cohen, 2018-07-23 Ludwig Mies van der Rohe was one of the leading figures of twentieth century architecture. For architects and many others who are committed to the modernist tradition he is a pivotal figure. With in-depth scholarly essays and opulent photographs and plans, this book traces the multifaceted development of his work, including his first Berlin buildings, his villa projects, his work at the Bauhaus in the 1930s, and his American projects of the postwar years. Jean-Louis Cohen was the director of the Institut français d'architecture until 2003 and is currently a professor at New York University. He has an established reputation as a leading international historian of architecture. His broad and encompassing perspective makes this book a reliable and comprehensive introduction to the work of Mies van der Rohe.

**Building Desire** George Dodds, 2005-08-08 An in-depth look at the unique Barcelona Pavilion, its many and complex identities through history, and its enduring appeal.

[Mies Van Der Rohe](#) Wolf Tegethoff, 1985 This detailed and carefully reasoned study of the domestic architecture of Mies van der Rohe is a landmark contribution to contemporary understanding of the great architect's work. It is devoted to a close analysis of Mies' residential architecture, built and unbuilt, from 1923 to 1951. Many of its conclusions are pertinent to the whole of Mies' output. The book presents penetrating discussions of both the Concrete and the Brick Country House projects, two of the famous Five Projects of the 1920s which made Mies' early reputation, and among others the Lange and Esters Houses of 1927-1930, the Barcelona Pavilion and Tugendhat House of 1928-1930, and in America, plans for a house in Wyoming for the Stanley Resors and the Farnsworth House of 1946-1951. The analysis and the illustrations demonstrate a continuous development toward realization of the goal Mies himself described: To bring Nature, houses, and people into a higher unity. The original German language edition accompanied an exhibition organized by the Kaiser Wilhelm Museum, Krefeld, in conjunction with the Mies van der Rohe Archive of the Museum of Modern Art, New York, on the occasion of the public opening of the restored Lange and Esters Houses, now owned by the Kaiser Wilhelm Museum. All of the works exhibited are reproduced in this volume. Dr. Tegethoff's text, based on extensive research in the Mies Archive and other sources, brings to light much new information on

the origins of Mies's ideas his working methods and relationships with clients as well as the actual planning and structure of the houses Wolf Tegethoff is a member of the faculty of the Kunsthistorische Institut of the University of Kiel Germany
