Mighty Aphrodite:

The Unruly Life of Woody Allen Marion Meade, 2014-04-01 A psychologically nuanced tough minded portrait of the New York filmmaker and his relationships with Mia Farrow and Soon Yi Previn Publishers Weekly Writer director actor humorist Woody Allen stands as one of our era s most celebrated artists Starting in the 1950s Allen began crafting a larger than life neurotic persona that has since entertained and enlightened millions In his films widely thought to be autobiographical explorations of his own comic fears and fixations Allen carefully controlled the public s view of him as a lovable scamp But that all came crashing down the day Mia Farrow found a Polaroid on her mantle What followed was a flurry of sensational headlines and legal battles His relationship with Soon Yi Previn thirty four years his junior and the step daughter of his longtime girlfriend caused shockwaves in the public s perception of the director yet few biographers and journalists have explored what happened and why In this the first deep investigation of Allen s life and the events surrounding his split with Farrow biographer Marion Meade tracks down dozens of friends actors neighbors and film historians They open up with insights and details rare in the world of wealth and celebrity What results is a fascinating portrait of a flawed genius as adept at constructing his own image as he is at crafting films Rereleased and updated this is an unauthorized biography that neither Woody Allen s fans nor his detractors will be able to put down The revised and updated edition was reviewed in the Wall Street Journal in 2013 by Carl Rollyson in a roundup of the five best Hollywood biographies [New York Magazine](#) ,1995-10-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea [The Reluctant Film Art of Woody Allen](#) Peter J. Bailey, 2016-05-27 For five decades no American filmmaker has been as prolific or as paradoxical as Woody Allen From Play It Again Sam 1972 to Midnight in Paris 2011 and Blue Jasmine 2013 Allen has produced an average of one film a year yet in many of these movies Allen reveals a progressively skeptical attitude toward both the value of art and the cultural contributions of artists In this second edition Peter J Bailey extends his classic study to consider Allen s work during the twenty first century He illuminates how the director s decision to leave New York to shoot in European cities such as London Paris Rome and Barcelona has affected his craft He also explores Allen s shift toward younger actors and interprets the evolving critical reaction to his films authoritatively demonstrating why the director s lifelong project of moviemaking remains endlessly deserving of careful attention **The Reception of Ancient Virtues and Vices in Modern Popular Culture** ,2017-07-31 In *Ancient Virtues and Vices in Modern Popular Culture* Eran Almagor and Lisa Maurice offer a comprehensive collection of chapters dealing with the reception of antiquity in popular media of the modern era 19th 21st centuries These media include theatrical plays cinematic representations Television drama popular
