Mike Donovan Alpheus Geer,1918 **Science v. Story** Emma Frances Bloomfield,2024-02-27 Uncovering common threads across types of science skepticism to show why these controversial narratives stick and how we can more effectively counter them through storytelling Science v Story analyzes four scientific controversies climate change evolution vaccination and COVID 19 through the lens of storytelling Instead of viewing stories as adversaries to scientific practices Emma Frances Bloomfield demonstrates how storytelling is integral to science communication Drawing from narrative theory and rhetorical

studies Science v Story examines scientific stories and rival stories including disingenuous rival stories that undermine scientific conclusions and productive rival stories that work to make science more inclusive Science v Story offers two tools to evaluate and build stories narrative webs and narrative constellations These visual mapping tools chart the features of a story i e characters action sequence scope storyteller and content to locate opportunities for audience engagement Bloomfield ultimately argues that we can strengthen science communication by incorporating storytelling in critical ways that are attentive to audience and context *Something about the Author* Alan Hedblad, Anne Commire, 1997 [The Living Age](#), 1906 *Littell's Living Age*, 1906 **The Cornhill Magazine** William Makepeace Thackeray, 1906 *Coyote Lost at Sea* Julia Plant, 2013-03-22 Mike s final 12 days at sea remain a testimony to his almost superhuman ability to drive one of the fastest sailing boats ever built in extreme conditions and survive for as long as he did When the boat was found it proved that despite everything Mike had kept Coyote on course Or maybe Coyote had kept them both on course as long as she was able Julia Plant Coyote Lost at Sea is the story of Mike Plant one of the most exciting and daring round the world solo sailors of his time Mike s untamed courage and charismatic personality naturally drew fans and admirers who wondered what kind of risk he would take next His younger sister Julia Plant had been one of those admirers until Mike s flame burned too brightly and she needed to find her own way This distant yet ultimate love for her brother makes Julia the perfect one to tell his story She reveals a vivid raw version of her brother a boy who spent most of his teen years and twenties getting in trouble with the law but who later grew up to be a sailing living legend Her insight into his personality and what made him so fearless helps us understand why Mike would take such a gamble with a boat like Coyote Her research and interviews with Mike s friends fellow competitors and sailing experts paints a clearer picture of Mike s last days with the controversial Coyote a mystery that has intrigued the world of sailing for two decades *The Budget story books* Budget story books, 1894
