

~~(1)~~ Explain Karl Marx's theory of class struggle.

Ans.

- (i) According to Karl Marx, history was not about abstract ideas, it was about living people.
- (ii) Human relationships were shaped by the fundamental needs of people and their ownership as well as nature of the prevalent means of production to meet those needs.
- (iii) The accessibility of these means to different strata¹ of society may not be equal.
- (iv) This inequality causes a division of society into classes, leading to a class struggle.
- ~~(v)~~ The class that owns the means of production economically exploits the rest of the classes.
- (vi) Human history, according to him, is the history of class struggle. The class that owns means of production economically exploits the rest of classes. 'Das Kapital' a treatise written by him is the most referred book all over the world. This is the class theory of Karl Marx.
