

Neocon Reader

RJ Alexander

Neocon Reader:

The Neocon Reader Irwin M. Stelzer, 2004 Although neo conservatism isn't new the term is widely misapplied and neo conservative foreign and domestic policies are little understood In this anthology of essays written by today's leading neocons columnists politicians and other prominent thinkers give a comprehensive overview of neo conservative ideology in a bold collection of classic and original essays written especially for this book Contributors include Max Boot Lady Margaret Thatcher George Will and Condoleezza Rice among others Editor Irwin Stelzer attempts to dispel many of the myths built up by foreign and some domestic media that have led many Americans to view neo conservatism as a radical and cohesive movement Rather Stelzer seeks to prove neocons are an eclectic group of intellectuals and politicians who agree on some major policy issues but who pride themselves on their individuality The Neocon Reader provides a collection of the ideas that are exerting enormous influence on American foreign and defense policy and serves as an important reminder of how a loose knit band of intellectuals and politicians thought wrote and preached their way into the halls of power

Neocon Reader

Irwin M. Stelzer, 2005-01-01 Although neo conservatism isn't new the term is widely misapplied and neo conservative foreign and domestic policies are little understood In this anthology of essays written by today's leading neocons columnists politicians and other prominent thinkers give a comprehensive overview of neo conservative ideology in a bold collection of classic and original essays written especially for this book Contributors include Max Boot Lady Margaret Thatcher George Will and Condoleezza Rice among others Editor Irwin Stelzer attempts to dispel many of the myths built up by foreign and some domestic media that have led many Americans to view neo conservatism as a radical and cohesive movement Rather Stelzer seeks to prove neocons are an eclectic group of intellectuals and politicians who agree on some major policy issues but who pride themselves on their individuality The Neocon Reader provides a collection of the ideas that are exerting enormous influence on American foreign and defense policy and serves as an important reminder of how a loose knit band of intellectuals and politicians thought wrote and preached their way into the halls of power

NeoConservatism C. Bradley

Thompson, 2015-11-17 An obituary so soon Surely the reports of neoconservatism's death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America's founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks

tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of neoconservative thought and action

Neoconservative Politics and the Supreme Court Stephen M. Feldman, 2013 In this concise timely book constitutional law expert Stephen M Feldman draws on neoconservative writings to explore the rise of the neocons and their influence on the Supreme Court Neocons burst onto the political scene in the early 1980s via their assault on pluralist democracy's ethical relativism where no pre-existing or higher principles limit the agendas of interest groups Instead they advocated for a resurrection of republican democracy which declares that virtuous citizens and officials pursue the common good Yet despite their original goals neocons quickly became an interest group themselves competing successfully within the pluralist democratic arena When the political winds shifted in 2008 however neocons found themselves shorn of power in Congress and the executive branch But portentously they still controlled the Supreme Court **Neoconservative Politics and the Supreme Court** explains how and why the neoconservatives criticized but operated within pluralist democracy and most important what the entrenchment of neocons on the Supreme Court means for present and future politics and law

Neoconservatism and the New American Century M. Ryan, 2010-10-25 Situated at the intersection of political history intellectual history and the history of U S foreign policy this book offers an in depth examination of the development of neoconservative foreign policy from the end of the Cold War to the election of George W Bush in 2000

The Legacy of George W. Bush's Foreign Policy Ilan Peleg, 2018-04-17 This volume incisively analyzes the foreign policy of George W Bush Examining the legacy of the forty third President author Ilan Peleg explains the complex factors underlying the Bush Doctrine neoconservative ideology real and perceived challenges to US world supremacy Bush's personality the White House's unique decision making process and the impact of September 11 Peleg argues that in its shift from deterrence and containment to prevention and preemption from multilateral leadership to unilateral militarism and from consensual realism to radical neoconservatism the Bush administration has effected a true revolution in the foundational goals as well as in the means of US foreign policy Peleg also offers a series of judicious recommendations for future administrations including the reestablishment of a bipartisan consensus on foreign policy increased emphasis on multilateralism the demilitarization of US foreign policy renewed focus on the resolution of serious regional conflicts and more realistic expectations about noncoerced democratization around the world

The Legacy of Leo Strauss Tony Burns, James Connelly, 2016-12-22 Leo Strauss was a political philosopher who died in 1973 but came to prominent attention in the United States and also Britain around the beginning of the War in Iraq Charges began emerging that architects of the war such as Paul Wolfowitz and large numbers of staff in the US State and Defense Departments had studied with or been influenced by the academic work of Strauss and his followers A vague but powerful idea was generated in the popular press that a group known as the Straussians had been instrumental in the long range strategic planning of American foreign policy both to advance American interests and to encourage democratic revolutions outside the West This

volume of essays opens up the topic of Leo Strauss and the Straussians to those outside the relatively narrow circles who have been concerned with him and his followers up to now **American Liberalism** John McGowan,2007 An engaging and informative discussion on liberalism offers a clear vision of liberalism s foundational values as America s best guarantee today of liberty and the peace in which to exercise it The Public Interest ,2005 **Perspectives** ,2004 **Missouri Law Review** ,2007 *The Essential Neoconservative Reader* Mark Gerson,1996-06-09 The Essential Neoconservative Reader captures the drama and historical importance of neoconservatism s rise from 1965 to the present by collecting influential essays by its most noted figures among them Irving Kristol Norman Podhoretz Nathan Glazer Daniel Patrick Moynihan Gertrude Himmelfarb and James Q Wilson The word neoconservative was first used as a term of derision for disgruntled ex liberals of the 1960s Perhaps because of this there has never been a central credo or organization unifying neoconservatism as a movement With this collection however neoconservatism is cast in a new light portrayed as a comprehensive outlook on economics politics society and culture linked by common principles and a distinctive vision

Reason, Faith, and Politics Arthur M. Melzer,Robert P. Kraynak,2008-02-15 Behind many of the hottest political issues of the current moment abortion stem cell research Intelligent Design Islamic fundamentalism stands a resurgence of the centuries old contest between religion and the Enlightenment In such circumstances a volume of essays honoring the thought of Werner J Dannhauser is particularly timely An expert on Nietzsche and Jewish political thought Dannhauser s abiding concern was the issue of reason faith and politics Does secular rationalism as promoted by the Enlightenment provide an adequate basis for moral and political life Or does the modern state ultimately require religious habits and beliefs even while tending to undermine them Is the emergence of the religious right then a necessary and salutary phenomenon Or does it pose dangers to our liberal constitution and to minority religious communities such as Jews and Muslims In short is Enlightenment rationalism helpful or harmful to social life And is Biblical religion necessary for or in tension with American liberal democracy Questions such as these which have concerned Dannhauser throughout a long scholarly career have recently reemerged as front page issues In addressing this theme the eleven essays comprising the present volume by such scholars as Francis Fukuyama Walter Berns Jeremy Rabkin and Ralph Lerner range widely over Western intellectual history from classical philosophy and ancient Israel to the Medieval period and the Renaissance to Nietzsche and to contemporary neoconservative thought **Progressive Architecture** ,1989 Israel Studies ,2005 Architectural Record ,1989 **Los Angeles Business & Economics** ,1978 **A Concise History of the Middle East** Arthur Goldschmidt,Lawrence Davidson,2010 The classic bestseller on the history of the Middle East by renowned scholars Arthur Goldschmidt and Lawrence Davidson updated to reflect the latest scholarship and recent events in this turbulent region **The Wall Street Journal** ,2005 The Transparent Cabal Stephen J. Sniegoski,2008 Although it is generally understood that American neoconservatives pushed hard for the war in Iraq this book forcefully argues that the neocons goal was not the spread of

democracy but the protection of Israel's interests in the Middle East Showing that the neocon movement has always identified closely with the interests of Israel's Likudnik right wing the discussion contends that neocon advice on Iraq was the exact opposite of conventional United States foreign policy which has always sought to maintain stability in the region to promote the flow of oil Various players in the rush to war are assessed according to their motives including President Bush Ariel Sharon members of the foreign policy establishment and the American people who are seen not as having been dragged into war against their will but as ready after 9 11 for retaliation

The Enthralling World of Kindle Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A World of Convenience and Flexibility Kindle books, with their inherent mobility and simplicity of access, have liberated readers from the constraints of hardcopy books. Gone are the days of carrying cumbersome novels or meticulously searching for specific titles in shops. Kindle devices, stylish and lightweight, effortlessly store an extensive library of books, allowing readers to immerse in their preferred reads anytime, anywhere. Whether traveling on a busy train, lounging on a sunny beach, or just cozying up in bed, E-book books provide an unparalleled level of convenience.
