Dennis Perrin,2000 There exists in America a peculiar fascinating subculture Its exotic rituals include withstanding subzero
temperatures with an upper body clad only in brightly colored paint shouting arcane statistics at talk show broadcasters
adopting the graphic images of lucrative businesses in bursts of patriotic fervor and finding a curious but tangible form of
self esteem in the spectacle of overgrown armored men banging each other into unconsciousness Hello sports fans this is a
book about you In fact about us For true fans sports are close to a religion a substitute for politics an outlet for the most
violent tendencies and an excuse to vent primal instincts in other words to act like the maniacs we are But for the
professional leagues and the megacorporations that exploit them sports is a lot more important than any number of brew
soaked stadium seats It s a serious business with rules you don t break and customers you don t serve and it makes a small
group of talented and or connected people very very very rich often at the expense of home team taxpayers who never hear
the crack of a bat or the swish of a net In this scathing passionate hilarious book Dennis Perrin the acclaimed author of Mr
Mike examines the species Sportus fannus from the point of view of a lifelong member But his love of America s great games
does not blind him to their routine often cynical misuse by a sports marketing establishment that goes to absurd lengths to
glorify even deify professional athletes just to sell a few more pairs of sneakers to awestruck fans at home With wit and vision
the author leads us on a no holds barred journey from a Midwestern high schoolbasketball rivalry to the dizzying pinstriped
heights of Michael Jordan Inc from the call in show sports media to the magnificent prose of legendary boxing writer A J
