But as it has become part of the mainstream of debate so new tensions and issues have emerged One of the most crucial issues is to find an appropriate combination of restorative justice based essentially on informal deliberation and the law The purpose of this book is to analyse the several dimensions to this issue It explores the social and ethical foundations of restorative justice seeks to position it in relation to both rehabilitation and punishment and examines the possibility of developing and incorporating restorative justice as the mainstream response to crime in terms of the principles of constitutional democracy Amongst the questions it addresses are the following How are informal processes to be juxtaposed with formal procedures What is the appropriate relationship between voluntarism and coercion How can the procedures and practices of restorative justice be combined with legal standards safeguards and precepts How can one balance restorative responses with legally sanctioned punishment In this book a distinguished team of contributors consider this crucial set of relationships between restorative justice and the law building upon papers and discussions at the fifth international restorative justice conference in Leuven Belgium in September 2001 restorative justice has grown rapidly throughout the world this book addresses the central issue of relationship of restorative justice to existing law and legal systems chapters from world leading authorities

Critical Restorative Justice Ivo Aertsen, Brunilda Pali, 2017-11-16 Theories and practices of justice do not meet the socio political challenges of our times For those theorists attempting to develop an alternative to the criminal justice system restorative justice has provided an alternative horizon The

restorative justice approach involves meeting people understanding and recognising their vulnerability through participatory and deliberative forums and practices The aim of this collection is to bridge the distance between restorative justice and the critical theory tradition It on the one hand takes into account the limits of restorative justice as they have been articulated or can be articulated through critical social theory and on the other hand emphasises the ground breaking potential that restorative justice can bring to this tradition as a way to address crimes conflicts and injustices and to pursue justice

Van Wormer, Clemens Bartollas, 2007 This text examines the various roles of women in the criminal justice system against a social context in which women are oppressed The text examines the following three roles of women in criminal justice Women as victims of crimes Women as criminals convicted and sentenced for crimes Women as workers in various agencies in the criminal justice system This text emphasizes content on gender and ethnic diversity and on the strengths of oppressed people especially women of color A wide range of issues are covered including the rate of early childhood sexual abuse victimization in female inmates priest abuse of girls female inmate rape by male prison guard and obstacles for women lawyers achieving partnerships in their firms The authors provide a wealth of recent data drawn from both domestic and international human rights sources as well as from personal interviews The final portion of the text describes women s setbacks in entering the traditionally male dominated fields of policing the law and corrections if people are given half a chance they can draw on their own resources to heal from the past and build for the future This empowerment approach is already prominent in the social work field and widely used in victim treatment programs for working with female offenders Community Policing in Canada Curt Taylor Griffiths, Brian Whitelaw, Richard B. Parent, 2001
