Second Language Practice:

Practice in a Second Language Robert DeKeyser,2007-03-12 This volume focuses on practice from a theoretical perspective and includes implications for the classroom

Introduction to Instructed Second Language Acquisition Shawn Loewen,2014-07-21 Introduction to Instructed Second Language Acquisition is the first book to present a cohesive view of the different theoretical and pedagogical perspectives that comprise instructed second language acquisition ISLA defined as any type of learning that occurs as a result of the manipulating the process and conditions of second language acquisition The book begins by considering the effectiveness of ISLA and the differences between ISLA and naturalistic L2 learning It then goes on to discuss the theoretical empirical and pedagogical aspects of such key issues in ISLA as grammar learning interaction in the classroom focus on form function and meaning vocabulary learning pronunciation learning pragmatics learning learning contexts and individual differences This timely and important volume is ideally suited for the graduate level ISLA course and provides valuable insights for any SLA scholar interested in the processes involved in second language learning in classroom settings

Principles and Practice in Second Language Acquisition Stephen D. Krashen,1982 The present volume examines the relationship between second language practice and what is known about the process of second language acquisition summarising the current state of second language acquisition theory drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have The author concludes that a solution to language teaching lies not so much in expensive equipment exotic new methods or sophisticated language analysis but rather in the full utilisation of the most important resources native speakers of the language in real communication
