Moods In The Moment

Swati Das

Moods In The Moment:

Moods, Moments N Melodies Swati Das, 2024-04-16 *Moods Moments N Melodies* is the seventh anthology of poetry by the poetess Swati Das. This book takes the readers to a myriad exploration of an emotional journey. There are poems that sing of love, talk of dejection, protest against injustice, seek queries to doubts, raise questions about social illness, celebrate courage, honour, dignity, send out a healing touch, etc. In all, the book reflects what we are in many moods, many moments. The poems do not judge but reflect things as they are, as experiences reveal. But surely they make one think as many experiences devastate us, as well as many experiences uplift us through blissful insights. That is what life is all about. *On Moods* Annie

Besant, 1914 **Our Best Moods** David Gregg, 1893 **The Homiletic Review**, 1900 The Smart Set, 1907 **The Bookman**, 1894 The Nation, 1918 The Pristine Dao Thomas Michael, 2012-02-01 The Laozi Daodejing and the Zhuangzi have long been familiar to Western readers and have served as basic sources of knowledge about early Chinese Daoism. Modern translations and studies of these works have encouraged a perception of Daoism as a mystical philosophy heavy with political implications that advises kings to become one with the Dao. Breaking with this standard approach, The Pristine Dao argues that the Laozi and the Zhuangzi participated in a much wider tradition of metaphysical discourse that included a larger corpus of early Chinese writings. This book demonstrates that early Daoist discourse possessed a distinct textually constituted coherence and a religious sensibility that starkly differed from the intellectual background of all other traditions of early China, including Confucianism. The author argues that this discourse is best analyzed through its emergence from the mythological imagination of early China and that it was unified by a set of notions about the Dao that was shared by all of its participants. The author introduces certain categories from the Western religious and philosophical traditions in order to bring out the distinctive qualities constituting this discourse and to encourage its comparison with other religious and philosophical traditions. **Attention** Walter Bowers Pillsbury, 1921 **Catalog of Copyright Entries** Library of Congress.
