Outline Of English Literature:

An Outline History of English Literature William Henry Hudson, 1913 *The History of English Literature* William Spalding, 1862 *Outlines of English Literature* Thomas Budd Shaw, 1853 *A Brief Historical Outline of English Literature* Jeannette Augustus Marks, 1902 [An Outline of English Literature](#) Granville Calland Thornley, 1973 **An Outline History of English Literature** William Henry Hudson, 1912 [An Outline of History of English Literature](#) William Henry Hudson, 1941 [Outline-history of English Literature](#) William Bradley Otis, 1948 *An Outline History of English Literature* Liliana Sikorska, 2002 **A Brief Historical Outline of English Literature From the Origins to the Close of the Eighteenth Century** Jeannette Augustus Marks, 2023-07-18 Marks's concise yet comprehensive overview of English literature is essential reading for literature students and enthusiasts alike. From Old English poetry to the works of the Romantic poets, Marks covers all the key figures and movements in English literary history. With insightful analysis and engaging prose, this book is a true gem. An Outline History of English Literature William Henry Hudson, 1947 **An Outline History of English Literature (Classic Reprint)** William Henry Hudson, 2015-07-11 Excerpt from *An Outline History of English Literature*. The purpose and plan of this little book may easily be gathered from the introductory chapter. Only a few words of preface therefore are needed. As I conceive it, a history of English literature, however brief, should still be a history of English literature in fact as well as in name, and for a history something more is required than a list of authors and their books, and even than a chronologically arranged collection of biographical sketches and critical appreciations. It is true that a nation's literature is made up of the works of individual writers, and that for the ordinary purposes of study these writers may be detached from their surroundings and treated separately. But we cannot get a history of such literature unless and until each one has been put into his place in the sequence of things and considered with reference to that great body of literary production of which his work must now be regarded as a part. A history of English literature then must be interested primarily in English literature as a whole. Its chief aim should be to give a clear and systematic account, not of the achievements of successive great writers merely, as such, but of national changes and development. This does not imply neglect of the personal factor. On the contrary, it brings the personal factor into relief, for if each writer is to be considered with reference to literature as a whole, one main subject of enquiry must be the nature and value of his particular contribution to that whole. A Brief Historical Outline of English Literature Jeannette Augustus Marks, 2017-12-25 Excerpt from A Brief Historical Outline of English Literature From the Origins to the Close of the Eighteenth Century This brief outline of the history of English Literature is intended simply for class use The bibliographical reference is made largely with the Mt Holyoke College Library in mind and with the hope that the shelf numbers may lighten the difficulties of looking for books when a student wishes to save all the time for reading The aim has been not to multiply the numbers of authorities historical and critical and the number of authors proper but to diminish them so far as the subject permitted thus simplifying the work of the student The Special Topics too have been limited It has not been an easy task to do this as subjects of interest in any period are countless and to select wisely an impossibility It is hoped however that both Bibliographical Reference in which Miss Bertha E Blakely has given invaluable assistance and Special Topics may prove not only helpful in an Historical Outline Course but also an incentive to further work About the Publisher Forgiven Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgiven Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
