OUTSIDE OVER THERE LB Sendak, 1981-04-22 With Papa off to sea and Mama despondent Ida must go outside over there to rescue her baby sister from goblins who steal her to be a goblin's bride *Words about Pictures* Perry Nodelman, 1990-08-01 A pioneering study of a unique narrative form *Words about Pictures* examines the special qualities of picture books books intended to educate or tell stories to young children Drawing from a number of aesthetic and literary sources Perry Nodelman explores the ways in which the interplay of the verbal and visual aspects of picture books conveys more narrative information and stimulation than either medium could achieve alone Moving from baby books alphabet books and word books to such well known children's picture books as Nancy Ekholm Burkert's *Snow White and the Seven Dwarfs* Gerald McDermott's *Arrow to the Sun* Maurice Sendak's *Where the Wild Things Are* and Chris Van Allsburg's *The Garden of Abdul Gasazi* Nodelman reveals how picture book narrative is affected by the exclusively visual information of picture book design and illustration as well as by the relationships between pictures and their complementary texts **Outside Over There** Maurice Sendak, 1989-02-28 With Papa off to sea and Mama despondent Ida must go outside over there to rescue her baby sister from goblins who steal her to be a goblin's bride **Psychoanalytic Responses to Children's Literature** Lucy Rollin, Mark I. West, 1999-01-01 With the growing emphasis on theory in literary studies psychoanalytic criticism has taken its place alongside other forms as an important contribution to literary interpretation Despite its tendency to make readers uncomfortable it offers insights into human nature and hence is appropriate in examining a genre such as children's literature Sixteen chapters in this work explore the psychological subtexts of a number of important children's books including Carlo Collodi's *Pinocchio* Roald Dahl's *James and the Giant Peach* Kenneth Grahame's *The Wind in the Willows* Louise Fitzhugh's *Harriet the Spy* Mark Twain's *The Prince and the Pauper* and E B White's *Charlotte's Web* While most of the analyses deal primarily with the psychological development of characters some focus on the lives of authors and illustrators such as Beatrix Potter and Jessie Willcox Smith Other chapters analyze the various responses that readers have to children's books Understandable and interesting for both scholars and general readers this work draws on the ideas of such psychoanalytic theorists as Sigmund Freud Alice Miller D W Winnicott and Jacques Lacan **Mothers in the Jewish Cultural Imagination** Marjorie Lehman, Jane L. Kanarek, Simon J. Bronner, 2017-08-01 Most Jews will feel intimately familiar with and attached to the figure of the Jewish mother yet few have questioned representations of mothers and motherhood in Jewish culture This volume aims to fill this gap by bringing to the fore the vast network of symbols and images which Jews have associated with mothers from the Bible to the modern period It demonstrates the complex ways in which the Jewish mother has been used to construct and frame Jewish religion and culture **Seeking Justice in an Energy Sacrifice Zone** Julie K. Maldonado, 2018-09-03 *Seeking Justice in an Energy Sacrifice Zone* is an ethnography of the lived experience of rapid environmental change in coastal Louisiana USA Writing from a political ecology perspective Maldonado explores the effects

of changes to localized climate and ecology on the Isle de Jean Charles Grand Caillou Dulac and Pointe au Chien Indian Tribes Focusing in particular on wide ranging displacement effects she argues that changes to climate and ecology should not be viewed in isolation as only physical processes but as part of wider socio political and historical contexts The book is valuable reading for students and scholars in the fields of anthropology sociology geography environmental studies and disaster studies as well as public policy and planning
