## **Questioning And Discussion A Multidisciplinary Study:**

*Questioning and Discussion* J. T. Dillon, 1988 This volume develops an encompassing view of questioning and discussion in a classroom setting and enhances the understanding and practice of multidisciplinary research by including perspectives from various fields Scholars join together in analysis over the same set of transcribed discussions from the perspectives of logic sociolinguistics philosophy various branches of psychology and various traditions within education research The analyses cover all aspects of questioning and discussion An appealing and distinctive feature of this book is its focus on actual empirical and easily accessible examples of classroom interaction It thus grounds discussion whether practical or theoretical with actual classroom practice

*Questions and Questioning* Michel Meyer, 1988 No detailed description available for

*Questions and Questioning* Teaching and Learning Through Discussion William W. Wilen, 1990 **Questioning Skills, for Teachers** William W. Wilen, 1986 This publication reviews the research findings related to the verbal questioning behaviors and practices of teachers It emphasizes current research related to the impact of questioning practices on student thinking achievement and attitudes This includes questioning techniques and strategies and approaches to the analysis of classroom questions Finally it suggests an approach for teachers to use to gather information on their questioning behaviors in order to improve systematically their questioning practices JD

*Learning to Question, Questioning to Learn* Marylou Dantonio, Paul C. Beisenherz, 2001 Balancing theory and how to strategies the authors examine productive questions from two directions how teachers learn to use productive questioning practices and how productive questioning practices contribute to the dialogue between teachers and students to effect meaningful and purposeful instruction Jacket

*Using Discussion in Classrooms* J. T. Dillon, 1994 Blends theory research and practice to show educators the principal factors that are involved in classroom discussion Each chapter describes one fundamental aspect of discussion its nature and rationale the topics and participants the behaviours and language of discussion

**Questions, Questioning Techniques, and Effective Teaching** William W. Wilen, 1987 This book focuses on questioning techniques and strategies teachers may employ to make the difference between active and passive learning in the classroom There are nine chapters 1 Why Questions Ambrose A Clegg Jr 2 Review of Research on Questioning Techniques Meredith D Gall and Tom Rhody 3 The Multidisciplinary World of Questioning J T Dillon 4 What Kind of Question Is That Roger T Cunningham 5 Using Wait Time To Stimulate Inquiry Mary Budd Rowe 6 Effective Questions and Questioning A Classroom Application William W Wilen 7 Discussion Strategies and Tactics Ronald T Hyman 8 Students as Key Questioners Francis P Hunkins and 9 Improving Teachers Questions and Questioning Research Informs Practice William W Wilen JD

**Handbook of Reading Research P.** David Pearson, Rebecca Barr, Michael L. Kamil, 1984 The Handbook of Reading Research is the research handbook for the field Each volume has come to define the field for the period of time it covers When taken as a set the four volumes provide a definitive history of reading research Back of cover volume 4

*Communicating in the Classroom* Kathleen M. Kougl, 1997

This well organized text is designed to help prospective teachers understand the dynamics of communication **An Introduction to Standards-Based Reflective Practice for Middle and High School Teaching** Elizabeth Spalding, Jesus Garcia, Joseph A. Braun, 2010-03-09 This easy to use introductory guide to teaching in contemporary middle and high schools provides teachers with the tools to become reflective practitioners It shows pre and inservice teachers how to use standards to choose instructional materials and methods that are appropriate with particular students at a particular time in a particular setting for a particular purpose While the authors are specialists in English and social studies this resource is appropriate for aspiring middle and high school teachers of any subject With a personal voice that will appeal to readers this book Links directly to the most recent version of standards for beginning teachers published by the Council of Chief State School Officers CCSSO Illustrates how teachers can be reflective about rather than reactive to standards Features an autobiographical approach to help readers understand how prior educational experiences may shape their future teaching Contains numerous reflective vignettes by practicing teachers Educational Research Evelyn J. Sowell, 2001 Are your beginning students sometimes overwhelmed by the prospect of reading research articles or writing a research proposal Does the notion of educational research make them anxious to begin with Is research a mystery to them This text will help Educational Research An Integrative Introduction is a brief basic paperback alternative to the typically long weighty hardcover educational research tome It takes a practical approach to educational research for beginning students Students who study its chapters critically learn to read research reports and to produce a proposal for their own research project Nine complete research reports in Appendix A provide illustrations of major ideas in the text chapters and are used in the end of chapter exercises The reports read include experimental descriptive qualitative and historical approaches The book presents qualitative and quantitative research as complementary approaches to educational research Standards in Practice, Grades 9-12 Peter Smagorinsky, 1996 This book presents five composites of teachers and students in action to portray and elaborate on the English Language Arts standards developed by the National Council of Teachers of English and the International Reading Association The book demonstrates that teaching and learning are not generic homogeneous activities that transcend time space and culture Each chapter long narrative in the book follows a classroom community through a unit of study geared to that community s unique social and cultural context with its own distinct set of values and with learners who bring these values to class The book thus reveals the situatedness of both teaching and learning It helps illustrate how every classroom teacher can adapt standards into a learner centered pedagogy that capitalizes on students strengths Contains a glossary Each chapter contains resources NKA Verbal Discourse and Clinical Reasoning in Problem-based Medical Tutorials Linda Larson Carr, 1993 *Second-language Classroom Interaction* Ann C. Wintergerst, 1994 This book analyzes teacher and student interaction in the context of twelve ESL lessons with the purpose of exploring the extent of student language output Research has confirmed that teacher speech dominates the second language classroom Not

surprisingly teacher talk has been investigated in numerous studies but student talk has been largely overlooked this study addresses that imbalance Questions are one means of engaging student attention promoting verbal responses and evaluating student progress They facilitate interaction by establishing the topic the speaker and the respondent However as the author shows some teacher questions encourage communication while others inhibit it In this analysis of teacher and student questions and answers Professor Wintergerst offers new perspective on second language development and classroom learning in general BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

*Elementary Classroom Management: Lessons from Research and Practice* Carol Simon Weinstein, Jr. Mignano, Andrew, 2007 Stressing the need to build caring supportive relationships with and among students this trusted text offers research based guidance on effective classroom management It addresses current concerns about student motivation and helps prospective and beginning teachers develop a philosophy of classroom management that focuses on building connections with students and creating safe caring classrooms The text profiles five master teachers grades K 1 3 4 and 5 in very different school settings as they create classrooms that are orderly and productive humane and caring The integration of the thinking and the actual management practices of five real elementary teachers into discussions of research based management principles prompts readers to connect theories with actual results Further the text demonstrates how real teachers can adapt to any circumstances physical room constraints curriculum requirements challenging behaviors and still be successful
