## **Playing For Real:**

*Playing for Real* Ken Binmore, 2007-03-29 Ken Binmore's previous game theory textbook *Fun and Games* D C Heath 1991 carved out a significant niche in the advanced undergraduate market it was intellectually serious and more up to date than its competitors but also accessibly written Its central thesis was that game theory allows us to understand many kinds of interactions between people a point that Binmore amply demonstrated through a rich range of examples and applications This replacement for the now out of date 1991 textbook retains the entertaining examples but changes the organization to match how game theory courses are actually taught making *Playing for Real* a more versatile text that almost all possible course designs will find easier to use with less jumping about than before In addition the problem sections already used as a reference by many teachers have become even more clever and varied without becoming too technical *Playing for Real* will sell into advanced undergraduate courses in game theory primarily those in economics but also courses in the social sciences and serve as a reference for economists

**Playing Real** Lindsay Brandon Hunter, 2021-02-15 *Playing Real* Mimesis Media and Mischief explores the integration and interaction of mimetic theatricality and representational media in twentieth and twenty first century performance It brings together carefully chosen sites of performance including live broadcasts of theatrical productions reality television and alternate reality gaming in which mediatization and mimesis compete and collude to represent the real to audiences Lindsay Brandon Hunter reads such performances as forcing confrontation between notions of authenticity sincerity and spontaneity and their various others the fake the feigned the staged or the rehearsed Each site examined in *Playing Real* purports to show audiences something real real theater real housewives real alternative scenarios which is simultaneously visible as overtly constructed adulterated by artifice and artificiality The integration of mediatization and theatricality in these performances Hunter argues exploits the proclivities of both to conjure the real even as they risk corrupting the perception of authenticity by imbricating it with artifice and overt manipulation Although the performances analyzed obscure boundaries separating actual from virtual genuine from artificial and truth from fiction Hunter rejects the notion that these productions imperil the real She insists on uncertainty as a fertile site for productive and pleasurable mischief including relationships to realness and authenticity among both audience and participants
