The Enneads Plotinus,2005-06-30 Regarded as the founder of Neo Platonism Plotinus AD 204 70 was the last great philosopher of antiquity producing 0works that proved in many ways a precursor to Renaissance thought Plotinus was convinced of the existence of a state of supreme perfection and argued powerfully that it was necessary to guide the human soul towards this state Here he outlines his compelling belief in three increasingly perfect levels of existence the Soul the Intellect and the One and explains his conviction that humanity must strive to draw the soul towards spiritual transcendence A fusion of Platonism mystic passion and Aristotelian thought The Enneads offers a highly original synthesis of early philosophical and religious beliefs which powerfully influenced later Christian and Islamic theology *The Second Ennead of Plotinus* Plotinus,2017-11-24 The Six Enneads is the collection of writings of Plotinus edited and compiled by his student Porphyry After correcting and naming each treatise Porphyry wrote a biography of his master Life of Plotinus intended to be an Introduction to the Enneads Porphyry s edition does not follow the chronological order in which Enneads were written see Chronological Listing below but responds to a plan of study which leads the learner from subjects related to his own affairs to subjects concerning the uttermost principles of the universe Plotinuswas a major Greek speaking philosopher of the ancient world In his philosophy there are three principles the One the Intellect and the Soul His teacher was Ammonius Saccas and he is of the Platonic tradition Historians of the 19th century invented the term Neoplatonism and applied it to him and his philosophy which was influential in Late Antiquity Much of the biographical information about Plotinus comes from Porphyry s preface to his edition of Plotinus Enneads His metaphysical writings have inspired centuries of Pagan Islamic Jewish Christian and Gnostic metaphysicians and mystics **Plotinus' Cosmology** James Wilberding,2006-03-23 In Ennead II 1 40 Plotinus grapples both with the philosophical issue of personal identity through time and with the rich tradition of cosmology which pitted the Platonists against the Aristotelians and Stoics James Wilberding presents an extensive

introduction the text itself and a commentary offering a line by line interpretation of the work s philosophical philological and historical details *Plotinus* Plotinus,1966 *Plotinus: Enneads II* Plotinus,1966 **Plotinus** Plotinus,1966 **Plotinus: Psychic and physical treatises, comprising the second and third Enneads** Plotinus,1921 *Second Temple Jewish "Paideia" in Context* Jason M. Zurawski,Gabriele Boccaccini,2017-07-10 Despite the impressive strides made in the past century in the understanding of Second Temple Jewish history and the strong scholarly interest in paideia within ancient Greek Hellenistic Roman and late antique Christian cultures the nature of Jewish paideia during the period has until recently received surprisingly little attention The essays collected here were first offered for discussion at the Fifth Enoch Seminar Nangeroni Meeting held in Naples Italy from June 30 July 4 2015 the purpose of which was to gain greater insight into the diversity of views of Jewish education during the period both in Judea and Diaspora communities by viewing them in light of their contemporary Greco Roman backgrounds and Ancient Near Eastern influences Together they represent the broad array of approaches and specialties required to comprehend this complex and multi faceted subject and they demonstrate the fundamental importance of the topic for a fuller understanding of the period The volume will be of particular interest to students and scholars of the history and culture of the Jewish people during the Hellenistic and Roman periods ancient education and Greek and Roman history **The Religious Quests of the Graeco-Roman World** Samuel Angus,1929 *The Platonizing Sethian Background of Plotinus's Mysticism* Zeke Mazur,2020-10-12 In *The Platonizing Sethian Background of Plotinus s Mysticism* Zeke Mazur offers a radical reconceptualization of Plotinus with reference to Gnostic thought and praxis A crucial element in the thought of the third century CE philosopher Plotinus his conception of mystical union with the One cannot be understood solely within the conventional history of philosophy or as the product of a unique sui generis psychological propensity This monograph demonstrates that Plotinus tacitly patterned his mystical ascent to the One on a type of visionary ascent ritual that is first attested in Gnostic sources These sources include the *Platonizing Sethian tractates* Zostrianos NHC VIII 1 and Allogenes NHC XI 3 of which we have Coptic translations from Nag Hammadi and whose Greek Vorlagen were known to have been read in Plotinus s school **Plotinus Ennead II.4 On Matter** A. A. Long,2022 In *Ennead II 4* Plotinus investigates the question of what underlies the forms that constitute the contents of our minds and senses Aristotle had called this substrate matter and Stoic philosophers followed suit With a critical review of their notions and reference to Plato s so called Receptacle Plotinus develops an account of matter that makes it a supremely negative entity How he describes the indescribable and how he justifies incorporeal matter s indispensability to bodies are highlights of this tenaciously argued essay A A Long translates and interprets Plotinus treatise on the matter that underlies all physical and intelligible beings With a wide ranging introduction and probing analysis of details he explains the intricate structure of the text The book will appeal to everyone interested in the history of Platonism and ancient Greek theories of the world s ultimate principles *Mediæval Culture: The literary background and the poetry of the "Divine comedy"* Karl Vossler,1929

PLOTINUS Ennead II.9 Sebastian Gertz, 2017-03-28 How was the universe created and what is our place within it These are the questions at the heart of Plotinus Against the Gnostics For the Gnostics the universe came into being as a result of the soul s fall from intelligible reality it is the evil outcome of a botched creation Plotinus challenges this and insists that the soul s creation of the world is the necessary consequence of its contemplation of the ideal forms While the Gnostics claim to despise the visible universe Plotinus argues that such contempt displays their ignorance of the higher realities of which the cosmos is a beautiful image
