

PROGRAM MANAGEMENT PLAN EXAMPLE

PROGRAM MANAGEMENT PLAN

Program Name

Company Name

The program management plan is a single document that articulates how your team should manage and execute a program. It includes the program timeline and components, along with sections on program governance and more detailed program management plans.

A program management plan is also dynamic, changing as your program changes. At the beginning of your program, use this template to outline the basic plan. As the program evolves, make updates to the plan.
