Possibility Thinking Opemipo Adebajo,2019-01-25 This is for you if like me you have never felt good enough and though you ve stretched all your life you have never reached that bar that others have set for you It may be your parents siblings friends or even strangers They poured you into their mould and you didn t fit they weighed you on a balance and you were found wanting You just didn t belong They try to box you in but you are a perfect circle triangle or even a star You just don t fit Maybe like me you ve never been good enough no matter how much you try No matter how hard I tried I wasn t just good enough It could just be the fact that you re different that rubs them the wrong way It may be the way you dress your tattoo or your hairstyle that rattles them Maybe they have said that you re too quiet nerdy or chatty It may be that you were not as brilliant as the other children in the family or they didn t approve the career you chose for yourself Whatever it was they poured you into a mould you didn t fit and you were found wanting Good news is no two human beings were created to be the same or achieve the same things The fact that you deviated from the norm is not a crime Who wrote the rules Who said you must conform This means that you don t have to fit into anyone s mould or let them create you You are free to give your personality full expression They may get to you sometimes or even alienate you because you are different and you don t meet up Hard as this might be do not let this get to you People are always afraid of what they do not know what they do not understand the unfamiliar or the different and that invariably turns into hate This has been the major cause of tribal wars and religious hatred throughout history People only hate that which they see in others and which they want to be but cannot achieve A friend and I drifted apart for some years and then started to talk again recently especially about the past He said to me in his exact words You know you used to be so independent and self willed I used to hate that about you Now I know better and the same qualities I hated in you are the same things I now admire I was surprised I didn t even know he felt that

way about me No man who ever blended with the crowd has ever achieved anything great He has to beat out his own path and stand out to achieve anything worthwhile Stand for what you believe in even if it means standing alone Unknown Be true to yourself because there s only one you Colour our world with your difference for we all can t be the same That s boring art Be real be you stand out and go succeed *Possibility Thinking: Explorations in Logic and Thought* JUSTIN COSLOR,2011-06 Sight by Justin Coslor From color comes shape and from shape comes size We triangulate images that come into our eyes **Nautilus Magazine of New Thought** Elizabeth Jones Towne,1927 **Is God Good, Or the Modern Job** L.
