Fishing Yesterday's Gulf Coast Barney Farley,2008-06-27 Renowned fishing guide Barney Farley worked the Texas coastal waters out of Port Aransas for more than half a century In these stories and reflections Farley imparts a lifetime of knowledge about fish_silver trout sand trout speckled trout redfish ling catfish jack kingfish you name it_and gives advice about how to fish where to fish and when to fish Perhaps no one could chronicle the changes in sport and commercial fishing along the Central Texas Coast more ably and more passionately than Farley When he came to Texas in 1910 he reported that he could get in a rowboat and using only a push pole make his way to the fishing grounds and catch a hundred pounds or more of trout and redfish in a few hours A couple of years later the shrimp trawlers arrived As they plied the Gulf in increasing numbers they depleted the shrimp populations in the bays and Farley watched the fish move farther and farther offshore following their ever more elusive food source From his perspective in the mid1960s Farley was not satisfied simply to lament the disappearance of onceabundant species He also strongly voiced his views on the need for conservation Many of the problems he identified are still with us and some of the solutions he prescribed have since been adopted This book is both an appealing reminiscence and a cautionary tale Anyone who cares about fishing and the health of the Gulf s waters will find an authoritative and completely engaging voice in Barney Farley

Texas Rivers and Creeks Toby Hogan,2011-04-14 There are a number of creeks and rivers that flow into the bays along the Texas Coast As long as the rivers and creeks stay salty and heavy rains

have not flooded the rivers many speckled trout and redfish find refuge in the winter in the warmth of deep water and even through cold temperatures trout feed on bait fish that are plentiful Another advantage of fishing creeks and rivers is that strong winds are not too much of a problem as if fishing in open bays Night fishing is very good on the rivers when the water turns green and the temperature cools off At times before it gets too cold birds will work shrimp just as in the bay When the rivers are packed with trout and the weather is very cold trout will stay in the deepest part of the river at this time trolling different types of fishing lures will pay off
