**Mirror, Mirror** J.R. Pestel, 2022-12-02 If you're a fan of television shows like Buffy the Vampire Slayer or Supernatural this is the perfect read for you. Readers Favorite. The war in hell continues to claim the souls of innocent humans. Now the war comes close to home for Johann Gunter and his demon hunting partner Robert Durling. They must leave Johann's home in Mesa, Arizona, and together with Johann's sister Theresa travel to the town of Snowflake, Arizona. While conducting their investigation, the trio end up spending a night in the Sheriff's Department jail where they gain a very unexpected ally.

**Mirrors Kill** Jack Curtis, 1994 *Spells & Magic*, 2002-05 Magic is a powerful force in most fantasy worlds and many are the paths open to those who seek magical power. From the arcane to the divine, Spells & Magic provides information for both players and DMs and is easily useable in any d20 campaign world. This is more than just a book of spells and magical items. New prestige classes focusing on new thoughts of magic also fill the book. And like all Bastion Press products, it's designed to be used with any d20 campaign world.

*Horror Films of 2000-2009* John Kenneth Muir, 2023-03-22 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

**Mirror of Morality** Julia K. Murray, 2007-01-31 *Mirror of Morality* takes an interdisciplinary look at an important form of pictorial art produced during two millennia of Chinese imperial rule. Ideas about individual morality and state ideology were based on the ancient teachings of Confucius, with modifications by later interpreters and government institutions. Throughout the imperial period, members of the elite made, sponsored, and inscribed or used illustrations of themes taken from history, literature, and recent events to promote desired conduct among various social groups. This dimension of Chinese art history has never before been broadly covered or investigated in historical context. The first half of the study examines the nature of narrative illustration in China and traces the evolution of its functions, conventions, and rhetorical strategies from the second century BCE through the eleventh century. Under the stimulus of Buddhism, sophisticated techniques developed for representing stories in visual form. While tracing changes in the social functions and cultural positions of narrative illustration, the second half of the book argues that narrative illustration continued to play a vital role in elite visual culture.
