And the Battle for Pluralism

Second Arab Awakening:

The Second Arab Awakening Marwan Muasher, 2014-01-28 This important book is not about immediate events or policies or responses to the Arab Spring. Instead, it takes a long, judicious view of political change in the Arab world, beginning with the first Awakening in the nineteenth century and extending into future decades when, if the dream is realized, a new Arab world defined by pluralism and tolerance will emerge. Marwan Muasher, former foreign minister of Jordan, asserts that all sides—the United States, Europe, Israel, and Arab governments alike—were deeply misguided in their thinking about Arab politics and society when the turmoil of the Arab Spring erupted. He explains the causes of the unrest, tracing them back to the first Arab Awakening, and warns of the forces today that threaten the success of the Second Arab Awakening, ignited in December 2010. Hope rests with the new generation and its commitment to tolerance, diversity, the peaceful rotation of power, and inclusive economic growth. Muasher maintains he calls on the West to rethink political Islam and the Arab-Israeli conflict, and he discusses steps all parties can take to encourage positive state building in the freshly unsettled Arab world.

The Second Arab Awakening Jon Kimche, 1970 Discusses the movements and processes by which Arabs have freed themselves from the tutelage of one Great Power after another and the impacts of these on the region. **The Second Arab Awakening: Revolution, Democracy, and the Islamist Challenge from Tunis to Damascus** Adeed Dawisha, 2013-04-08 Discusses the recent uprisings in the Arab world and offers a historical perspective on the movement, citing the demands for regime change in the 1950s and 1960s that ultimately lead to today's ruling tyrants. **The Second Arab Awakening** Augustus Richard Norton, 2012 **The Second Arab Awakening** Jon Kimche, 1970 Discusses the movements and processes by which Arabs have freed themselves from the tutelage of one Great Power after another and the impacts of these on the region. *A Prince of Our Disorder* John E. Mack, 1998 First published in 1976, John Mack's Pulitzer Prize-winning biography humanely and objectively explores the relationship between T. E. Lawrence's inner life and his historically significant actions. Extensive research provides the basis for Mack's sensitive investigation of the psychological dimensions of Lawrence's personality and with the history, sociology, and politics of his time. 27 photos. Transformation processes in Egypt after 2011 Radoslaw Fiedler, Przemyslaw Osiewicz, 2015-08-17 The main advantage of this monograph is that it attempts to conduct the most up-to-date analysis possible of the present political situation in Egypt and the Middle East. Therefore, we receive a monograph which allows us not only to look at the Arab Spring from a historical perspective but primarily to reflect on the consequences of these past events that it was hoped would spark political reforms in Arab states and facilitate greater public participation in the system of governance. Thus, this publication allows the verification of many of the judgments and opinions expressed during the Arab Spring on the possible direction of development of the political processes initiated by the massive social revolts in Arab countries. **Understanding Modern Nigeria** Toyin Falola, 2021-06-24 An introduction to the politics and society of post-colonial Nigeria, highlighting the key
